• To provide meaningful results and to protect the privacy of individual students, data are printed only when the total number of students in a group is at least 10 and when the performance of individuals is not disclosed. A dash (—) appears when data are suppressed.

• Percentages are rounded to the nearest whole number.

• Achievement Levels 3-5 are grouped together for comparison, since the percentage of students scoring at or above grade level is necessary for federal AYP reporting.

• Content area results are not intended for comparison across administrations.
