MIAMI-DADE COUNTY PUBLIC SCHOOLS

Summary of Fall and Winter 2018 FSA and NGSSS (EOC and Retake) Test Administration Procedures

Note: This material does not cover every aspect of the Fall and Winter 2018 FSA and NGSSS administrations; it highlights procedures that are specific to the test administration in Miami-Dade County Public Schools. School assessment coordinators are responsible for following the administration procedures specified in the Test Administration Manual.

The Fall 2018 Florida Standards Assessments (FSA) English Language Arts (ELA) Writing and Reading/Listening Retake will be administered at senior high schools, alternative/ESE, and adult centers to eligible students on the computer during the following two testing windows.

*No testing on September 19, Teacher Planning Day and September 27th is an Early Release Day.
**For the FSA ELA Writing Retake and ELA Reading Retake assessments, any student who has not completed a session by the end of the allotted time may continue working; however, each session may last no longer than half the length of a typical school day.

Paper-based accommodations for FSA ELA Writing and Reading Retake (both components), must be completed by September 21 to meet the return deadline and ensure timely reporting of test results.

Note: Students with extended time accommodation may continue working until the end of the day for each session.

Students must complete one session of ELA Writing and two sessions of ELA Reading to receive a FSA ELA Retake score. Additionally, the FSA ELA Writing
Retake must be administered prior to the FSA ELA Reading Retake except for the purpose of accommodating make-up test administrations.

The Florida Comprehensive Assessment Test (FCAT) 2.0 Reading Retake will no longer be administered. The last administration was Spring 2018. Students whose graduation requirement is the FCAT 2.0 Reading Retake can take the FSA ELA Retake test and are eligible to use the alternate passing score to meet the graduation requirement. These students may also apply the passing concordant SAT and ACT scores for graduation.

The Fall and Winter 2018 FSA Algebra 1 and Geometry EOC and NGSSS Biology 1, Civics, and US History EOC assessments will be administered at K-8 centers, middle schools, senior high schools, and alternative/ESE centers with eligible students during the following testing windows:

*No testing on September 19, Teacher Planning Day and September 27th is an Early Release Day.

**FSA EOC Assessments are comprised of two, 90-minute sessions, over two days. However, students may have up to one-half of a regular school day to complete the test. NGSSS EOC Assessments are comprised of one, 160-minute session. Students testing may be dismissed from testing room at the 10-minute break as they complete testing. Any student not finished by the end of the allotted time may continue working; however, testing must be completed within the same school day.

All paper-based (PBT) accommodations (Regular Print, Large Print, Braille, or One-item-per-page) for the FSA and NGSSS EOC administrations must be completed during the first two weeks of each testing window to meet the return deadlines and ensure timely reporting of test results.

Note that all computer-based tests (FSA ELA Writing Retake; ELA Reading Retake; FSA Algebra 1 and Geometry EOC; and NGSSS Biology 1, Civics, and US History EOC) may be administered in any order, by school, based on the needs of students within a school. One subject does not need to be completed before another begins, and subject tests may be administered concurrently. However, all paper-based administrations must be administered on the scheduled dates to meet the return deadlines and ensure timely reporting of test results. Additionally, testing should begin on the first day of the testing window and testing should be completed within the least number of days possible but must be completed by the last date noted for a respective testing window. It should be noted that a list of the CBT and PBT testing windows for each FSA and NGSSS assessment has been provided for your convenience (see Attachment G).

The FSA programs are computer-based tests (CBT), and all eligible students will be participating using the FSA Secure Browser. Please go to http://www.fsassessments.org/ for technical specifications and resources for this platform. Note that FSA paper-based administrations will be available for ESE or Section 504 plan students as documented on an IEP or Section 504 plan and accommodated CBT test forms (e.g., text-to-speech and masking) are also available via the FSA Secure Browser for all FSA CBT assessments during this administration. Passage booklets for Reading and Writing Retake are available to eligible students taking the computer-based FSA ELA Writing and Reading Retake who have accommodations requiring their use identified in IEPs or Section 504 plans. Deaf/Hard of Hearing students will be able to access videos that present listening items in American Sign Language and Closed-Captioning. Audio passage transcripts are also available to eligible Department of Corrections and Hospital/Homebound students taking paper-based assessments who have no access to computers or the Internet. All eligible students who will participate in a computer-based FSA ELA Retake or EOC administration for the first time must participate in a practice test conducted at the school for the specific test(s) they are scheduled for, to familiarize themselves with the different features of the FSA Secure Browser prior to the administration of the operational test(s). Students are required to participate in a scripted practice test session once for each subject/grade level test.

All students who will use the CBT accommodations of text-to-speech via the FSA Secure Browser platform must participate in a CBT practice test session with the text-to-speech accommodation enabled during this administration. Separate accommodated practice test scripts are posted on the FSA portal. Students who have previously participated in a FSA Practice Test for the subject test/grade level they will take are NOT required to participate in a Practice Test session for this administration; however, these students should be encouraged to access the Practice Test and practice on their own.

Students with Braille and Large Print PBT accommodations are required to participate in a paper-based practice test using the appropriate materials; these materials will be ordered by district staff.
Additionally, students who will use regular print or one-item-per-page materials can participate in a test item practice session. The practice tests will familiarize teachers and students with the various item types on the paper-based assessments. The *Directions for Completing Paper Based Test Item Practice* handouts containing sample items and associated scripts for administering test item practice sessions are posted on the FSA Portal. Schools may choose to use these along with the longer paper-based practice tests but are not required to do so.

As a reminder, all test administrators who will administer a paper-based (regular print, large print, one-item-per-page, or braille) ELA Reading Retake test must be assigned the Assessment Viewing Application (AVA) role in TIDE. AVA contains audio content, Closed Captioning (CC), and American Sign Language (ASL) videos for ELA Reading Retake listening items for students with paper-based accommodations.

The Biology 1, Civics, and US History EOC Assessments are computer-based tests (CBT), and all eligible students will be participating using the TestNav8 platform. Please go to [https://support.assessment.pearson.com/display/FL/TestNav+8+-+Florida](https://support.assessment.pearson.com/display/FL/TestNav+8+-+Florida) for technical specifications and resources for this new platform. Note that paper-based administrations will be available for eligible students as documented on an IEP or Section 504 plan and accommodated CBT test forms (e.g., text-to-speech and masking) are also available via TestNav8 for all NGSSS EOC computer-based assessments during this administration.

Additionally, all students eligible for a CBT test must participate in an ePAT CBT practice test session via PearsonAccess (PA) Next for each of the subject tests they will take at their school to familiarize themselves with the different features of the TestNav testing platform prior to the administration of the operational tests. Students who have previously participated in an ePAT test for the subject test they will take are NOT required to participate in a practice session for this administration; however, these students should be encouraged to access the ePAT test and practice on their own.

**STUDENT REGISTRATION**

For the Fall and Winter 2018 test administrations, currently enrolled students are not required to pre-register to take the test. School staff is responsible for identifying their enrolled students who need to participate in the test administrations, notifying them about the test, and assigning them to testing rooms.

Non-enrolled students, Credit Acceleration Program (CAP), and Adult Education students must preregister in advance, by **August 31 for the Fall 2018** FSA and NGSSS EOC and FSA ELA Retake administrations; and by **November 9 for the Winter 2018** FSA and NGSS EOC administrations to ensure students can be accommodated and that sufficient materials and proctors are available.
Pre-registration is critical because it facilitates:

- confirming students’ eligibility to participate in the test administration (current enrollment and test sections needed);
- ensuring that students are informed about the test dates and the scheduling of test sessions;
- ensuring that students will have appropriate ID for the test session;
- ensuring that sufficient test administrators and proctors are scheduled;
- ensuring that sufficient test materials are available to meet the testing needs of pre-registered students;
- ensuring that students are advised that they may only test at one location during each testing window;
- assigning students to testing rooms and generating rosters of students to be tested; and
- maintaining test security.

The Miami-Dade County Public Schools FSA (EOC and Retake) AND NGSSS EOC ASSESSMENTS Registration Form (FM-7276), provided in Attachment A, can be used for student registration. This form may be obtained electronically from Records and Forms Management (http://forms.dadeschools.net/search.asp) and may be duplicated as needed. Please note that students are required to show valid picture identification at registration and again at the entrance to testing. Students should be informed of the test format (computer-based administration) at the time of registration and should be given information regarding the computer-based testing practice tests for FSA and NGSSS assessments.

Please note that non-enrolled students may be permitted to register on a space-available basis. At the time of registration and before scheduling the student to participate in a test session, the student’s eligibility for the test must be verified.

ADMISSION OF STUDENTS TO TESTING

Each test administrator must have a list of those students who are assigned to test in his/her room for each session. The list must have the student’s name and Florida Educational Identification Number (FLEID) 12-digit number. The FLEID number is accessible via File Download Manager and DSIS, PF20 Miscellaneous Information screen. Please note that a student may not have a FLEID issued by the state, if new to the public-school system. Students’ photo identification must be checked before unfamiliar students are admitted to a testing room. Only those students who are on the pre-assigned list for a testing room and who have photo identification will be admitted to a test session.

Tardy registered students are not to be admitted to a testing room once the session has started and instructions have been given. They must be rescheduled for a make-up session.
ROLES AND RESPONSIBILITIES FOR IMPLEMENTING TESTING PROGRAMS AT SCHOOL SITES

School administrators, teachers, and other school staff shall all be made aware of their professional obligations regarding testing programs. The roles and responsibilities of the principal, school assessment coordinator (test chairperson), technology coordinator, test administrator, and proctor in the implementation of assessment programs are described below.

Principal

The principal is responsible for ensuring that tests are administered in accordance with professional test administration procedures, as outlined in the administration manuals, program guides, and training materials provided by the test publishers, the state, and/or the district, and for ensuring that any violations of test administration and/or security procedures are reported appropriately and in a timely manner. The principal designates a school assessment coordinator and ensures that the school assessment coordinator attends all mandatory district training sessions and follows established procedures. Although the principal may delegate the coordination of specific testing programs to the school assessment coordinator or another designee, the ultimate responsibility for maintaining the integrity of the test administration rests with the principal. The principal must submit a School Procedural Checklist (FM-6927) (Attachment B) after testing, to certify that the test administration was conducted in accordance with the district’s established guidelines and procedures.

School Assessment Coordinator

The school assessment coordinator is responsible for organizing and monitoring testing programs at the school level in accordance with the procedures outlined for each program. Additionally, Attachments D and H in this training packet provide test administration and security procedures that should be used when training test administrators and proctors. Primary responsibilities for the CBT administrations include: attending and/or viewing district training sessions; planning and implementing test administrations; creating FSA test administrator accounts in TIDE; creating test administrator accounts in Pearson to resume tests (optional); training test administrators and proctors; arranging for testing locations; verifying receipt of test materials; verifying and managing student information in TIDE and Pearson; scheduling students into testing groups; organizing, and distributing materials to the test administrators; maintaining the security of test materials in the schools; supervising test administration; scheduling make-up sessions; invalidating tests in TIDE and Pearson; maintaining all required records and documentation; returning test materials for scoring; maintaining the confidentiality of student test records; and completing the School Assessment Coordinator Checklist as stated in the test administration manuals and available online.
Technology Coordinator

The technology coordinator is responsible for assisting the school assessment coordinator in the implementation of the computer-based test administration. The FSA Portal accessed at [http://fsassessments.org/technology-resources/](http://fsassessments.org/technology-resources/) and PearsonAccess Next accessed at [http://florida.pearsonaccessnext.com/technology-resources/](http://florida.pearsonaccessnext.com/technology-resources/) provide instructions and information that technology coordinators will need to prepare schools for FSA and NGSSS computer-based testing. The technology coordinator is responsible for reading and becoming familiar with all the information provided in the resources prior to each test administration. Primary responsibilities include: ensuring that all computers meet the minimum system requirements; downloading the FSA Secure Browser to student workstations for FSA test administrations; downloading and installing the proctor cache software on the proctor cache computers and configuring browser settings to cache test content in PearsonAccess Next for NGSSS tests; assisting test administration staff during the administration sessions with any technical difficulties that may develop; monitoring system usage during the administration; purging test content from the proctor caching computer(s) for the PearsonAccess Next NGSSS tests; and completing the Technology Coordinator Checklist as stated in the test administration manuals and available online.

Test Administrator

The test administrator is responsible for directing and conducting student testing sessions, as specified in the test administration manuals and training packet. Only certificated administrative and instructional employees (e.g., teachers, counselors, media specialists) who have received appropriate training for a specific test may serve as test administrators. Primary responsibilities include: attending required training sessions; creating a password for FSA TA Interface access; creating or resetting the PA Next password (optional to resume students as needed); establishing appropriate conditions in the testing room that include installing visual barriers for computer-based testing, distributing planning sheets, CBT work folders and worksheets (if applicable), and returning student test materials. For FSA CBT tests, creating test sessions, approving students, pausing students for breaks, monitoring test sessions, and stopping the test session. For NGSSS CBT tests, monitoring and resuming students, if applicable. In addition, accounting for all assigned materials; strictly adhering to test scripts and directions; actively monitoring students during the testing session; following security procedures to ensure a standard administration; and completing the Test Administrator Checklist as stated in the test administration manuals and available online.

Proctor

The proctor is responsible for actively monitoring the testing session and for assisting the test administrator in managing the session and maintaining test security. Administrative, instructional, non-instructional, and paraprofessional employees who have received appropriate training for a test may serve as proctors. However, non-
certificated employees may only assist in distributing and collecting student test materials under the direct supervision of a certificated test administrator, and may not administer the test, read test scripts, or have sole responsibility for the test materials. In addition, parents or other community volunteers who are trained in proctoring and test security may serve as test proctors, but **proctors who are not employees may not handle any test materials or be left alone with students or test materials at any time.** Note that proctors may not be assigned to proctor in a family member’s classroom or at the same grade level as the family member.

**Relief Staff**

Relief staff who may serve in classrooms in the temporary absence of the regular test administrator or proctor must meet all the requirements specified for the applicable role and must have received appropriate training related to test administration and test security procedures.

**ASSIGNMENT AND TRAINING OF TEST ADMINISTRATORS AND PROCTORS**

**Who may serve as test administrators?** Certified instructional staff (e.g., teachers, counselors, media specialists) who has received appropriate training related to procedures for the FSA and NGSSS administrations and the test security procedures may serve as test administrators.

**Who may serve as proctors?** Instructional, non-instructional, and paraprofessional employees who have received appropriate training related to procedures for proctoring the FSA and NGSSS administrations and the test security procedures may serve as proctors. FDOE has updated the proctor requirements.

For paper-based and computer-based test administrations, the ratio of student per adult is 25 students to 1 test administrator. For a room with 26-50 students, a test administrator and 1 proctor must be present. For a room with 51-75 students, a test administrator and 2 proctors must be present.

**Required Ratio for FSA and NGSSS Administrations**

*Adult (test administrator) to student ratio.
Use of Non-School Personnel as Proctors

Non-school system personnel may be used to assist test administrators during test administration. However, they may not participate in any of the test administration procedures.

- Non-school system personnel may not handle or distribute secure test materials;
- Non-school system personnel may not hand-grid student answer documents; and
- Non-school system personnel may not answer student questions.

Non-school system personnel may be used only as an “extra set of eyes” to assist test administrators in monitoring test administration and to assist in maintaining an atmosphere that provides students with optimal testing conditions. Parents may not be placed in rooms in which members of their families are being tested. Volunteers and tutors who work with specific students must not be placed in rooms in which students with whom they work are being tested. M-DCPS students may not serve as classroom volunteers in any capacity during testing. Volunteers must sign the Volunteer Responsibilities While Assisting with the Florida Standards Assessments (FSA), Florida Next Generation Sunshine State Standards (FCAT 2.0), and EOC Assessments and Security Agreement (Attachment C) and the Test Administration and Security Agreement (test administration manuals).

All test administrators and proctors must be informed of their duties and all applicable security procedures and policies. The Test Administrators’ Responsibilities: Maintaining Test Security Before, During, and After Test Administration (Attachment D) is provided for use in training test administrators and proctors in maintaining test security, as well as a screencast that may be accessed at http://oada.dadeschools.net/Screencasts/TestSecurity/TestSecurity.html and played as part of the training session.

DISTRICT MONITORING OF FSA and NGSSS ADMINISTRATIONS

To ensure that the FSA and NGSSS EOC and Retake Assessments are administered in accordance with the required procedures regarding uniformity and security, district staff will visit randomly selected school sites on test and/or make up dates, as well as during the time period in which materials are stored at the schools.

Activities to be monitored include: the storage location of testing materials; procedures used to distribute/collect materials to and from test administrators and students; procedures used to admit students to testing rooms; and adherence to directions for administering the assessments.

The person assigned to monitor your school will need to speak to the school assessment coordinator, may sit in on a testing session, and will also have to be shown different areas of your school to make observations. These activities will not interfere with your school’s testing schedule.
GENERATING STUDENT LISTS

For the Fall and Winter 2018 test administrations, schools will need to generate a final list of eligible students for each assessment as applicable. The new upgraded File Download Manager (FDM) may be used to identify students that are eligible to participate in the FSA ELA Retake (Fall only) FSA and NGSSS EOC (Fall and Winter) administrations.

Eligible students to test for the Fall 2018 FSA ELA (Writing and Reading) Retake, include students that are currently enrolled who failed their cohort’s Grade 10 FSA ELA or FCAT 2.0 Reading requirement for graduation, as applicable.

Eligible students to test for the FSA Algebra 1 EOC (Fall and Winter) include the following:

- Students who failed the Algebra 1 EOC and have not yet met the Algebra 1 graduation test requirement;
- Students who are new to the district, (private school, out of state/country) and have Algebra 1 course credit, but have not yet met the Algebra 1 graduation test requirement;
- Students who have an NG reported for the Algebra 1 course because they did not receive a valid EOC test score;
- Students who have completed an eligible Algebra 1 course (or completed at least 80% of the course content) through a virtual program (ex., Florida Virtual School); and
- Students in a credit acceleration program (CAP) who wish to take the assessment to earn course credit.

Eligible students to test for the FSA Geometry and NGSSS Biology 1, Civics, and US History EOCs (Fall and Winter) include the following:

- Students who have an NG reported for the EOC course because they did not receive a valid EOC test score;
- Students who have completed an eligible EOC course (or completed at least 80% of the course content) through a virtual program (ex., Florida Virtual School);
- Students who wish to retake an EOC to be eligible for a standard diploma with a scholar designation (does not apply to Civics); and
- Students in a credit acceleration program (CAP) who wish to take the assessment to earn course credit.

PREPARING ANSWER DOCUMENTS AND PRE-IDENTIFIED STUDENT LABELS

School assessment coordinators will view and verify student information online for CBT administrations. Preidentified student information is submitted via PreID files for the FSA and NGSSS EOC and FSA ELA Retake assessments. Schools will have pre-
identified student information available in TIDE (for FSA Algebra 1 and Geometry EOC; and FSA ELA Retake (Writing and Reading) and in PA Next (for NGSSS Biology 1, Civics, and US History) including students that were enrolled at the school as of the PreID dates:

<table>
<thead>
<tr>
<th>Test</th>
<th>PREID Dates</th>

</thead>
<tbody>
<tr>
<td>FSA ELA Retake (Writing and Reading)</td>
<td>Fall: August 20</td>
</tr>
<tr>
<td>FSA EOC (Algebra 1 and Geometry)</td>
<td>Winter: November 2</td>
</tr>
<tr>
<td>NGSSS EOC (Biology 1, Civics, and US History)</td>
<td></td>
</tr>
</tbody>
</table>

Please note that there will NOT be PreID labels generated for the FSA and NGSSS EOC (Fall and Winter) and FSA ELA Retake (Fall) administrations. Therefore, school assessment coordinators must print On Demand PreID labels for any paper-based accommodations for the FSA ELA Retake (Writing and Reading) and FSA EOC (Algebra 1 and Geometry); and NGSSS EOC (Biology 1, Civics, and US History).

To print FSA On-Demand PreID labels in TIDE, go to the TIDE User Guide page 53 and refer to page 49 in the Florida PearsonAccess Next Online User Guide for instructions to print NGSSS PreID labels in PA Next.

SCHEDULING STUDENTS FOR CBT

School assessment coordinators will view and verify student information online (TIDE and/or PA Next) for computer-based (CBT) administrations. For the Fall 2018 FSA EOC and ELA Retake (Writing and Reading) and NGSSS EOC, schools will have pre-identified student information available in TIDE and PA Next for students that were enrolled at the school as of August 20. For the Winter 2018 FSA and NGSSS EOC, schools will have pre-identified student information available in TIDE and PA Next for students that were enrolled at the school as of November 2.

New students enrolled at the school after the PreID date will not be included in TIDE or PA Next. Schools must add any new students who enroll after the PreID date and are eligible based on the students to be tested requirements for each assessment, as noted in the test administration manuals. For directions on adding students to TIDE and PA Next, refer to the TIDE User Guide page 39, and to the Florida Online PearsonAccessNext User Guide page 34.

For the FSA EOC and ELA Retake (Writing and Reading) computer-based assessments, school assessment coordinator must first verify the information in TIDE against the school generated lists from the student information database (File Download Manager). If the Florida Educational Identification (FLEID) 12-digit number is incorrect in TIDE, the student record must be re-entered with the correct information (see page
39 in *TIDE User Guide*. If any other student information is incorrect (i.e. date of birth, grade level) in TIDE, the student record must be corrected in TIDE but PreID label and test ticket can be used. School assessment coordinators will need to generate class lists to provide to the test administrator to capture all required administration information for all FSA tests; a blank, electronic Security Checklist/Administration Record can be used. In addition, school assessment coordinators will need to print the CBT test tickets (FSA tests) (Attachment E) which students use to log into the FSA Secure Browser for computer-based testing. Each ticket is a secure test document which contains the First Name and Username for students to log into the FSA Secure Browser. **The tickets and rosters are secure documents and must be placed in a secure limited access location.**

**On the morning of the FSA computer-based tests,** test administrators must create a test session (for the test being administered) via Test Administrator (TA) Interface and provide the Session ID# generated to the students in the classroom. The students will log into the FSA Secure Browser and enter the Username and First Name exactly as recorded on the test ticket, along with the Session ID#. After students log into the FSA Secure Browser, the test administrator will approve students to test in the TA Interface. **Note the test administrator must write the Session ID# on the board for students to view and to log back into the test session, as needed.**

Similarly, if the FLEID number is incorrect in PearsonAccess Next for the NGSSS EOCs, the student record must be deleted and reentered with the correct information for in PA Next. Refer to the *Florida Online PearsonAccessNext User Guide*, pages 34-36.

**For NGSSS CBT tests,** after verifying student information in PA Next, school assessment coordinators can create new test sessions in PA Next based on testing schedules or keep the original test sessions created via the PreID file upload. Maintain a list of all test sessions to be able to complete the caching of test content. The technology coordinator must configure browser settings for the Proctor Cache computer to allow the school assessment coordinators to cache test content for all test sessions. School assessment coordinators can print the Advanced Session Roster (list of students tested in the same test session in PA Next) generated in PA Next to capture required administration information. In addition, the school assessment coordinators will need to print the Student Authorization Tickets (NGSSS EOC tests) (Attachment E) which students use to log into TestNav for computer-based testing. Each ticket is a secure test document which contains the TestNav URL, Username and a Password to log into TestNav. **The student authorization tickets and advances session rosters are secure documents and must be placed in a secure limited access location.**

**Prior to beginning the NGSSS computer-based test session** each day of testing, the school assessment coordinators must ensure that the test session(s) are marked PREPARED before proctor caching and then STARTED. Also, the Proctor Cache computer must be turned on and running for the scheduled test sessions.
SPECIAL PROGRAM STUDENTS

Students from the Special Programs (Florida Virtual School Program: Full Time 6-12 (71/0400); Miami-Dade Online Academy K-12 (13/7001); and Florida Home Education Program (13/9998) will test at their assigned school for the Fall and Winter 2018 administrations, as eligible. A list of students assigned to your school will be sent via email to select principals and school assessment coordinators.

School assessment coordinators will assign a testing room and distribute planning sheets, CBT work folders, CBT worksheets, test and answer books (for eligible students with PBT accommodations), calculators, as applicable to the registered Special Program students.

Special Program students from the Miami-Dade Online Academy K-12 and Florida Home Education who are eligible for any of the FSA or NGSSS CBT tests will be added to TIDE or PA Next by District staff; any Florida Virtual Academy Full Time 9-12 - 71/0400 students eligible for any FSA or NGSSS CBT tests will be set up in TIDE or PA Next by FLVS staff.

For the FSA computer-based tests, District staff will forward the CBT test tickets to the principal and school assessment coordinator at the assigned school. The school assessment coordinator must provide the special program student a test date, location, and time and assign the student to a testing room and provide the test ticket, planning sheets, CBT work folders and worksheets, as eligible.

The test administrator in the assigned room will log into the TA Interface, create a test session, provide the Session ID# to the student, and approve the student to test. To log into the FSA CBT tests, the student opens the FSA Secure Browser, enters the First Name (as it appears on the test ticket), the Username, and the Session ID that was provided by the test administrator (after the test session is created). If a student is logged out during a FSA CBT test session, the student can log back into the session with the same test ticket and Session ID, and the test administrator must approve the student to test, as applicable.

For the NGSSS computer-based tests, District staff will add the students to a DISTRICT test session in PA Next (DISTRICT BIOLOGY for the Biology 1 EOC; DISTRICT CIVICS for the Civics EOC; and DISTRICT USHISTORY for the US History EOC). School staff will print the Student Authorization Tickets, and PREPARE, START, RESUME students as needed and STOP the DISTRICT session for eligible students taking an NGSSS CBT.

The student types the URL on the ticket to access the TestNav Sign in screen and enters the Username and Password as noted on the Student Authorization Ticket to log into the test. If a student is logged out during the NGSSS test session, the school assessment coordinator may RESUME the student to test. However, if a FLVSFT student is logged out of the test, the school assessment coordinator must contact FLVS
staff to have the student resumed to continue testing. The FLVS contact information is printed on the Student Authorization Tickets emailed to the school assessment coordinators.

**Note that the test tickets are secure documents and must be kept in a locked, limited access location along with all secure test.**

**REQUESTING ADDITIONAL TEST MATERIALS**

For the Fall/Winter 2018 FSA and NGSSS administrations, Comet Delivery Service will deliver test materials to K-8 centers, middle and senior high schools, and alternative education centers the week of September 4th including manuals, work folders, worksheets and planning sheets. Adult Centers will pick-up the test materials at the Test Distribution Center (TDC) on **September 4-5** for the Fall 2018 FSA EOC and ELA Retake and NGSSS EOC assessments; and on **November 13-14** for the Winter 2018 FSA and NGSSS EOC assessments.

PBT accommodations for the Fall 2018 will be delivered to schools during the week of September 4th; and for the Winter during the week of November 14th. PBT accommodations materials for the Fall administration are based on student enrollment as of August 20th and on November 2nd for the Winter administration.

Schools will need to plan to receive and securely store these materials. If any additional test administration manuals or non-secure materials are needed, please order them online at the TDC Documents website at [http://oada.dadeschools.net/TDC/TDC.asp](http://oada.dadeschools.net/TDC/TDC.asp), under Order Forms.

Secure paper-based and computer-based accommodation materials must be ordered online via the Assessment Services application located on the employee portal. Select the PBT Accommodations link when you access the Assessment Services application to place your order.

**MATERIALS PROCEDURES**

School assessment coordinators are to follow all materials handling procedures specified in the test administration manuals to ensure that the security of the test content is maintained. In addition, procedures specific to Miami-Dade County Public Schools are set forth below.

- When the FSA and NGSSS secure test materials are received, immediately **verify the counts** and sequence numbers of materials received against the packing list.

- Call **Student Assessment and Educational Testing (SAET)** at 305-995-7520 immediately, if there are any irregularities or discrepancies in your shipments.
o If you need additional non-secure FSA and NGSSS materials (CBT work folders, CBT worksheets, and four-function calculators) place order online at http://oada.dadeschools.net/TDC/TDC.asp via the SAET Application on your employee portal.

o If you need additional secure paper based test accommodations (Regular Print, Large Print, Braille, One-Item-Per-Page, Reading/Writing Passage Booklets, or Audio Passage Transcripts) for eligible students with the accommodations listed on the IEP or Section 504 Plan, place an additional order via the Assessment Services application accessible from your M-DCPS Employee Portal, under the Apps|Services|Sites. Please select the Assessment Services Application, then click on the PBT Accommodations link, and complete the form. Principals can provide access via QUAD-A, select WPBS.

- Maintain the Test Materials Chain of Custody Form (found in the test administration manuals) to track secure paper-based test materials all times when materials are handled.

- Shrink-wrapped packages of secure materials may be opened no sooner than five (3) days prior to the administration of each subject test for FSA and NGSSS assessments. NO EARLIER.

- Only the school assessment coordinator and persons designated by the school site administrator may prepare test materials. All handling, including affixing of labels and hand-gridding, must be done in a limited-access area. Students are not permitted to assist in this process or to handle test materials before or after testing.

- All secure test materials, including paper-based test accommodations, CBT work folders and CBT worksheets (if applicable), must be placed in locked storage immediately and remain there until the test date.

- Secure test materials must be stored in a locked location with strictly limited access (3 or fewer keys). Strict accounting of the keys to the secure location must be maintained; limited to the principal, assistant principal, and/or school assessment coordinator. No master key should open the storage area.

- The use of seating charts or recording of specific seat assignments is required for paper-based tests and computer-based tests in all rooms, including make-up sessions. A sample seating chart is provided as Attachment F.
MATERIALS RETURN TO THE TEST DISTRIBUTION CENTER (TDC)

The “Friendly Reminders” provide a quick reference guide for packing and returning your test materials. School assessment coordinators are encouraged to review this document to assist with the process of packing and returning of materials for each administration. For your convenience, the Friendly Reminders for the Fall and Winter 2018 FSA and NGSSS assessments will be posted on the TDC Documents website available at http://oada.dadeschools.net/TDC/TDC.asp.

For the Fall and Winter 2018 FSA and NGSSS test administrations, schools are to hand deliver TO BE SCORED and NOT TO BE SCORED paper-based test materials (including Regular Print, Large Print, One-Item-Per-Page, Braille, Passage Booklets (Writing and Reading), and Audio Passage Transcript accommodations) to TDC by 2 p.m., EXCEPTION is on Wednesdays, return by 1 p.m. on the scheduled return dates. The Fall 2018 District Coordinator Only (DAC) Boxes (including the DAC-Administrative Records boxes (DAC-AR) and DAC-Student Work Records (DAC-SWR) boxes) should be securely retained at the school site and returned to TDC by December 17th along with the DAC Boxes from the Winter 2018 administration as indicated in the Friendly Reminders.

STATE AND DISTRICT REQUIRED FORMS

The following district and state forms must be completed. Keep copies of each at your school site for a minimum of one calendar year after the test results have been released.

- The Administration Record/Security Checklist (Appendix E of the FSA and Appendix D of the NGSSS CBT Manuals) must be used to capture all required administration information for paper-based and computer-based administrations; and to maintain a list of the number of documents and range of security numbers assigned to each test administrator for every day of testing. Note, the test administrators must sign for receipt of the test materials when issued; the school assessment coordinators must sign for receipt of materials upon their return after testing.

- The Test Materials Chain of Custody Form must be maintained to document that paper-based test materials are secured and accounted for at all times (Appendix E of the FSA and Appendix D of the NGSSS CBT Manuals).

- The Test Administration and Security Agreement must be read and signed by district and school staff certifying that test administration and security procedures will be followed as outlined in the Florida Test Security Statute and Rule (Appendix E of the FSA and Appendix D of the NGSSS CBT Manuals).

- Test Administrator Prohibited Activities Agreement affirming that test
administrators understand prohibited activities during the test administration and possible consequences of inappropriate behavior (Appendix E of the FSA and Appendix D of the NGSSS CBT Manuals).

- The **Security Log** must be completed during testing by personnel (test administrators, proctors, relief staff, etc.) assigned to monitor a testing room for any length of time (Appendix E of the FSA and Appendix D of the NGSSS CBT Manuals).

- Attendance rosters, seating charts, and test group codes define groups tested together and help to maintain a record of student room assignments. Test group codes must be used for all paper-based testing groups for the FSA; and both paper-based and computer-based NGSSS tests administrations. However, for the FSA computer-based testing groups, the Session ID# will serve as the testing group identifier. Additionally, the use of seating charts or recording of specific seat assignments is required for all testing rooms. A sample seating chart is provided as Attachment F.

- **M-DCPS Accounting Form** is a district form designed to help schools keep track of secure test documents and ensure that no materials inadvertently remain behind at the school. This form will be useful in responding to missing materials reports generated by the test vendor. It will be posted to [http://oada.dadeschools.net/TDC/TDC.asp](http://oada.dadeschools.net/TDC/TDC.asp) (TDC Documents website) for the Fall and Winter 2018 administrations.

- After the conclusion of the test administration, the school assessment coordinator and principal must complete the **Miami-Dade County Public Schools School Procedural Checklist** (FM-6927) (Attachment B), certifying that each test administration was supervised by the school principal in accordance with the District’s established guidelines and procedures.
Procedures for Florida Home Education Program (FHEP) Students (13/9998)
Participating in the Fall and Winter 2018 Test Administrations

FHEP Student Registration

1. Students enrolled in the Florida Home Education Program (FHEP) may participate in the Fall and Winter 2018 FSA EOC (Algebra 1 and Geometry) and NGSSS EOC (Biology 1, Civics, and US History) administrations. For the FSA and NGSSS EOC assessment administrations, parents and guardians of FHEP students must contact the Division of Attendance Services to register students for the assessments. Student Assessment and Educational Testing (SAET) will notify the assigned schools so that preparations can be made for these students.

2. For the FSA and NGSSS EOC assessments, assignment of specific testing date/make-ups is at the school’s discretion. Parents will contact the school assessment coordinator at the assigned school to request a date, time, and instructions for testing.

3. To facilitate distribution of the results, parents of FHEP students were directed to provide the Office of Home Education with a self-addressed, stamped, legal-sized envelope for each participating FHEP student. If any parents bring envelopes to your school, please ensure that the students’ names are clearly marked on the envelopes and forward them to:

Mail code: 9028, Attendance Services
Attention: Ms. Yolie Busquet, Home Education

Scheduling FHEP Students for Computer-Based Testing

4. Eligible registered FHEP students will take the following tests, as applicable:

*Paper-based (PBT); Computer-based (CBT)

5. Students from the FHEP will test at their assigned school for the Fall and Winter 2018 administrations. All FHEP students who are eligible for the computer-based testing (CBT) will be set up in TIDE for the FSA assessments and in PA Next for the NGSSS Assessments.

- For the FSA CBT assessments, do not enter Home Education Program students in TIDE under your school. The test tickets from TIDE will be emailed to the principal and school assessment coordinator at the assigned school. The school assessment coordinator must assign the student to a testing room and provide the test ticket. The test administrator in the assigned room will log into the TA Interface, create a test session, provide the Session ID# to the students, and approve the students to test. The student will log in to test by opening the FSA Secure Browser, entering the First Name (as it appears on the test ticket),
the Username, and the Session ID# that was provided by the test administrator (after the test session is created). Note, if a student is logged out during testing, the student can log back into the test session with the test ticket and Session ID, and the test administrator must approve the student to test, as applicable. Note that the test tickets are secure documents and must be kept in a locked, limited access location along with all secure test documents.

i. Test Tickets must be provided to the appropriate FHEP student.
ii. Students will use their test ticket with their FIRST NAME and USERNAME and the SESSION ID# to log into the FSA Secure Browser from their assigned school.

- For PearsonAccess Next CBT assessments, do not enter Home Education Program students in PA Next under your school, the District staff will create and place eligible students in test session called “DISTRICT BIOLOGY” for Biology 1, “DISTRICT CIVICS” for Civics, and "DISTRICT US HISTORY" for the US History, as applicable. School assessment coordinators will be able to print Student Authorization Tickets for the students and resume students, if needed. They will also be able to PREPARE, START and STOP the district created test session(s). Note that the Student Authorization tickets are secure documents and must be kept in a locked, limited access location along with all secure test documents.

i. Student Authorization Tickets must be provided to the appropriate FHEP student.
ii. Students will use their Authorization Ticket with the unique USERNAME and PASSWORD to log into TestNav8 from their assigned school.

6. School assessment coordinators will need to assign a testing room and distribute test tickets (for FSA Secure Browser), Student Authorization Tickets (for TestNav), CBT work folders, CBT worksheets (Optional for Civics and US History EOC), reference sheets, and periodic tables, as applicable to registered students taking the computer-based tests.

**FHEP Individual Student Reports**

7. If all of the above procedures are followed, FHEP Individual Student Reports will be sent directly to the Home Education Office for distribution and these students’ scores will not be included in your school summary report.
Procedures for Florida Virtual Full-Time (FLVS-FT) Program Students Participating in the Fall and Winter 2018 Test Administrations

The student will log in to test by opening the FSA Secure Browser, entering the First Name (as it appears on the test ticket), the Username, and the Session ID# that was provided by the test administrator (after the test session is created). Note, if a student is logged out during testing, the student can log back into the test session with the test ticket and Session ID, and the test administrator must approve the student to test, as applicable. Note that the test tickets are secure documents and must be kept in a locked, limited access location along with all secure test documents.

      i. Test Tickets must be provided to the appropriate FLVS-FT student.
      ii. Students will use their test ticket with their FIRST NAME and USERNAME and the SESSION ID# to log into the FSA Secure Browser from their assigned school.
b. For PearsonAccess Next CBT assessments, **do not enter FLVSFT students in PA Next under your school**, FLVS-FT staff will set up students in PA Next. The Student Authorization Tickets for the students will be emailed to the principal and school assessment coordinator at the assigned schools. **Please note, if a FLVS-FT student is disconnected from the TestNav computer-based test session, the school assessment coordinator must contact the FLVS-FT Office for assistance. Please have the student’s first and last name to enable FLVS-FT staff to resume a student’s test.**

   i. Student Authorization Tickets must be provided to the appropriate FLVSFT student.
   
   ii. Students will use their Authorization Ticket with the unique USERNAME and PASSWORD to log into TestNav8 from their assigned school.

4. School assessment coordinators will need to assign a testing room and distribute test tickets (for FSA Secure Browser), Student Authorization Tickets (for TestNav), CBT work folders, CBT worksheets (Optional for Civics and US History EOC), reference sheets, and periodic tables, as applicable to registered students taking the computer-based tests.

**Florida Virtual School Program Individual Student Reports**

5. **If all** of the above procedures are followed, FLVS-FT program Individual Student Reports will be mailed directly to the appropriate Florida Virtual School Program Office for distribution and these students’ scores will not be included in your school summary reports.

VOLUNTEER RESPONSIBILITIES WHILE ASSISTING WITH THE FLORIDA STANDARDS ASSESSMENTS (FSA) AND NEXT GENERATION SUNSHINE STATE STANDARDS (NGSSS) ASSESSMENTS

SECURITY AGREEMENT

Florida Test Security Statute 1008.24 states that it is unlawful for anyone knowingly or willingly to violate test security rules adopted by the State Board of Education for mandatory tests administered by or through the State Board of Education. The rules are as follows:

➢ Do not give examinees access to test questions prior to testing;
➢ Do not copy, reproduce, or use in any manner inconsistent with test security rules all or any portion of any secure test book;
➢ Do not read, look at, or review any test content (passages, test items, mathematics problems, etc.);
➢ Do not coach examinees during testing or alter or interfere with examinees’ responses in any way;
➢ Follow all procedures specified in the test administration manuals; and
➢ Do not participate in, direct, aid, counsel, assist in, or encourage any of the acts prohibited in this statute.

Any person who violates this section is guilty of a misdemeanor of the first degree, punishable by a fine of not more than $1,000 or imprisonment not to exceed 1 year.

The district superintendent of schools shall cooperate with the Commissioner of Education in any investigation concerning the administration of a test administered pursuant to state statute or rule.

Non-school system personnel may be used to assist test administrators during test administration. However, they may not participate in any of the test administration procedures.

- Non-school system personnel may not handle or distribute secure test materials;
- Non-school system personnel may not hand-grid student answer documents;
- Non-school system personnel may not answer student questions.
- Parents may not be placed in rooms in which members of their families are being tested.
- Volunteers and tutors who work with specific students must not be placed in rooms in which students with whom they work are being tested.
- M-DCPS students may not serve as classroom volunteers in any capacity during testing.

Non-school system personnel may be used only as an "extra set of eyes" to assist test administrators in monitoring test administration and to assist in maintaining an atmosphere that provides students with optimal testing conditions. Prior to testing, all volunteers must be informed of their duties and the appropriate test security procedures for monitoring the test sessions. Volunteers must also be informed of the test security laws and rules prohibiting any activities that may threaten the integrity of the test. Parents may not be placed in rooms in which members of their families are being tested.

I have read the information contained in this form and agree to abide by the provisions involving test security for the FSA and NGSSS Assessments.

TEST ADMINISTRATORS’ RESPONSIBILITIES MAINTAINING TEST SECURITY
BEFORE, DURING, AND AFTER TESTING

Preparing for the Assessment

1. Test administrators and proctors must be familiar with the test security procedures and administration directions prior to the actual test administration. Each test administrator must be provided the test manual containing the security procedures, the administration directions, and the script to be read to students. Test administrators must use the following manuals/guides as appropriate to administer the test(s):
   - Fall/Winter 2018 FSA ELA Retake and EOC Assessments Test Administration Manual
     - Scripts and instructions are available on the FSA Portal, FSA Resources, Select Scripts Tab or follow the link at https://fsassessments.org/resources/scripts/ for:
       - Computer-based (CBT) administrations
       - Accommodated CBT forms (masking, text-to-speech, ASL, CC) and
       - PBT accommodations (regular print, large print, one-item-per-page, braille)
   - Fall/Winter 2018 NGSSS EOC Assessments Test Administration Manual
     - NGSSS CBT scripts are printed separately and are also located in Avocet at http://avocet.pearson.com/FL/Home
     - Accommodated scripts for PBT and CBT and ePAT scripts are available on Avocet website at http://avocet.pearson.com/FL/Home; click on the “S”, and select Scripts for a drop-down list.

2. Test administrators and/or proctors must not have access to the test booklets until the day of testing.

3. For paper-based and computer-based administrations, there must be one adult (test administrator) for every 25 students (1:25).
4. Test administrators **must not** look at or review any test content (i.e., prompt, passages, test items, mathematics problems, etc.) before, during, or after the test session.

5. The test booklet **must not** be opened, or the seals removed before testing begins.

6. All classroom materials that might provide clues to students (e.g., maps, math formulas, word walls, multiplication charts) **must** be removed from the test room, or covered, prior to testing.

7. Test materials **must** be readily available, inventoried, and organized for easy test administration. Test administrators **must** ensure that they have sufficient materials to test their assigned students.

8. Seating should be adequately arranged and spaced to discourage cheating. The use of seating charts to plan and record student seat assignments **is required**. All seating charts must indicate the front and back of the room, as well as the direction the students are facing. For CBT, the seating chart should also indicate laptop/mobile device assignments, if applicable.

9. For a CBT test session, ensure that all software applications, including Internet browsers, are closed on all student workstations before the test session begins.

*Students should be discouraged from bringing any materials into the classroom other than pencils or pens and erasers. All materials must be placed under the students’ desks during testing. Specifically, possession of all electronic devices, including telephones, pagers, electronic translators, organizers, etc., is a cause for invalidation. Any such devices must be turned off and stored out of “arm’s reach” during testing, including breaks. The test administrators, proctors, and school staff must also turn off and put away all electronic devices.*

Conducting the Assessment

10. Test administrators and/or proctors **must** have a roster of students assigned to their room for the test administration. Test administrators and/or proctors **must not** admit students into the testing room unless their names are on the roster of students for that room. The test administrator or proctor **will** check unfamiliar student photo identification (e.g., driver’s license or school identification) as students enter and exit the testing room.

11. The test administrator will take roll on each day of testing by writing the date tested next to each student’s name or by placing a check mark under the appropriate date and subtest column on the student roster. The school
assessment coordinator at your school will have instructed you on the use of the roster at your training session.

12. For paper-based and computer-based testing, the test administrator will ensure that students read and sign below the Testing Rules Acknowledgement prior to testing, as directed to do so on the script.

13. For paper-based testing, the test administrator and/or proctor will assign a test and answer booklet number to each student and check off each student's name on the roster as he/she is given a test booklet and will record the assigned booklet number for documents with security numbers.

14. Students are to be allowed access to test booklets (test questions) only during the actual administration of the test. Please be reminded that under no circumstances are students to be permitted to handle any test materials before or after the test administration. Students are not permitted to assist in carrying or distributing any test materials.

15. All testing materials (as applicable), including test and answer books, planning sheets, Reading and Writing Passage Booklets, Audio Passage Transcripts, CBT worksheets, CBT work folders, CBT test tickets, approved calculators, reference sheets, and periodic tables must be handed to and collected from each student individually. No test materials may be handed out in groups or passed along from student to student.

16. All testing materials should be secured immediately, out of reach of students. Do not leave testing materials (as applicable), including test and answer books, planning sheets, Reading and Writing Passage Booklets, Audio Passage Transcripts, CBT worksheets, CBT work folders, CBT test tickets, approved calculators, reference sheets, and periodic tables on top of a desk or table or anywhere that is accessible to students (even if test administrators and/or proctors are in the room).

17. Test administrators must read the appropriate script for administering each respective assessment as it is presented in the appropriate test administration manual.

18. For the FSA computer-based tests, test group codes will not be necessary. Instead, a Session ID will be generated when the test session is created by the test administrator in the FSA Portal (Test Administrator Interface). The Session ID will be unique and will identify the group of students testing together for a specific subject test and session. Test group codes are required for all other paper and computer-based test administrations (NGSSS Biology 1, Civics, and US History EOC).
Security measures implemented for computer-based testing parallel those for paper-based administration. Test Administrators and/or proctors must actively monitor the testing room.

19. Computer labs must be set up to ensure that students cannot view the monitors of other students’ workstations. Visual barriers may be used to prevent incidental viewing.

20. The test administrator and/or proctor must verify the identification of unfamiliar students when distributing CBT test tickets.

21. CBT test tickets are secure test documents, and must be kept in locked, limited access location.

22. During test sessions, unused CBT test tickets must be secured (i.e., not left on a desk, podium within reach of students).

23. Procedures must be implemented to contact the school assessment coordinator during a session in case a student is disconnected from the session and must be resumed/approved to continue testing.

24. If test administrators are given access to approve test sessions and/or resume students, an additional proctor should be assigned to the testing room.

25. If a student must be excused for a short break, it is permissible to turn off the monitor so that the screen cannot be viewed, rather than exiting or pausing the test session.

26. Remember, all statewide assessments are secure tests. Neither test administrators nor proctors may read the items in the test booklets or on the computer screen before, during, or after the test administrations. The content of the test is not to be reviewed or discussed with students, staff, parents, or community members at any time before, during, or after the test.

27. The test items may not be copied or retained in any way for future use. Students are not to be questioned or “debriefed” on test content or test items at any time, nor may any test items or test content be reviewed with students after the test.

28. Students may not go back to a session of an assessment which they have completed. Once a subtest concludes, a student cannot return to complete any blank items or change answers. However, students are encouraged to review items within the current session until they “submit” their responses, when finished, or at the end of the time allotted.
29. Students must not be assisted in using the TestNav or FSA Secure Browser tools or answering test questions by anyone, including persons administering or proctoring the test.

30. Students are **NOT** permitted to use notes, electronic devices, or any other materials during the assessment. However, ELL students **should** have access to a heritage-language-to-English dictionary (no definitions) which can be an electronic translation dictionary that is a standalone device without the ability to access the Internet, per the guidelines set forth in Appendix A of the test administration manuals. Proctors should check paper dictionaries to ensure that there are no notes or other materials inside them.

31. Each ESE student **must** be provided with the appropriate and allowable accommodations delineated in his/her IEP or Section 504 Plan. Only those accommodations delineated for each student may be provided for that student.

32. The test administrators and/or proctors are **required** to walk around the room and maintain their attention on the students to prevent cheating and to ensure that students are working in the correct section.

---

**In the event of a cheating invalidation, the test administrator and/or proctor is required to report the incident immediately to the school assessment coordinator and the school administration and to document the incident thoroughly.**

33. If a student needs to leave the room during a paper-based test session, all testing materials including approved calculators must be collected by the test administrator and/or proctor and held until the student returns.

34. At no time should the students in the testing room be left unsupervised during the assessment (i.e., while students have test booklets in their possession).

35. Students should not be given access to electronic devices (e.g., cell phones, smartphones, and netbooks) during breaks. If a student accesses his or her electronic device(s) during a break, that student’s test must be invalidated. (Exception: Electronic dictionaries without access to Internet for ESOL students levels 1-4).

36. If there is an extended break during a paper-based test session (such as a lunch break), collect all test materials individually from each student. All test booklets (used and unused) must be accounted for and, if the test administrator and/or proctor is unable to remain in the room with the materials, returned to locked storage until testing resumes.

37. If there is an extended break during a CBT test session (such as a lunch break), students must logout of TestNav or Pause the test in the FSA Secure Browser,
but the student must be resumed or approved to continue testing once he/she returns. Students **MUST NOT** submit their responses for a break.

38. If an extended break, such as lunch, occurs for either paper-based or computer-based testing sessions, students **must** be closely monitored during the break to ensure that the content of the test is not discussed.

39. If students are moved to a different location during testing, a new seating chart must be created and maintained for this location. In addition, a new Session ID to log into the CBT FSA Secure Browser or a new test group code would have to be assigned.

Concluding the Assessment

40. At the conclusion of testing, all test materials are to be collected from each student **individually**.

41. For paper-based administrations, the test administrator should make sure the student's name and date of birth appear on the test-and-answer booklet and that the correct booklet number has been recorded for that student. The student name must be identical to the one on his/her student ID. At this time, the test administrator **must** verify that the **student** has completed the student name, date of birth (DOB) (can be recorded by the school assessment coordinator or the student), school name or number, district name or number, “Today’s Date”, and test group code as specified in the test script, and that the “DNS” bubbles **have not** been filled out inappropriately. Any errors or discrepancies must be reported to the school assessment coordinator at the time the materials are returned after testing.

42. **Used test and answer booklets collected from students must not be placed where they are accessible to the other students still remaining in the room.**

43. The test administrator should also verify that students have signed the Testing Rules Acknowledgement, and individually collect any testing materials (as applicable), including test and answer books, planning sheets, Reading and Writing Passage Booklets, CBT worksheets, CBT work folders, CBT test tickets, approved calculators, reference sheets, and periodic tables.

44. Make sure that each computer displays the desktop. Assist any student who needs help submitting the test.

45. At the conclusion of a CBT test session, verify that each student has properly completed the test by checking his or her computer screen before the student leaves the room.
46. As soon as the last student has completed the assessment or when time is up, the test administrator should account for all testing materials (as applicable), including test and answer books, planning sheets, Reading and Writing Passage Booklets, Audio Passage Transcripts, CBT worksheets, CBT work folders, CBT test tickets, approved calculators, reference sheets, and periodic tables that were assigned to him/her for that test session, as applicable. Any discrepancies must be reported to the school assessment coordinator immediately.

47. No student should be permitted to leave the testing room until it has been verified and documented that all his/her testing materials (as applicable), including test and answer books, planning sheets, Reading and Writing Passage Booklets, CBT worksheets, CBT work folders, CBT test tickets, approved calculators, reference sheets, and periodic tables have been returned to the test administrator. Administrators must verify that each student returned each type of secure testing document on the Administration Record/Security Checklist and/or Session Roster by checking the appropriate fields. This may be done by crossing or checking off each student's name from a student list or roster as the test materials are collected.

48. Ensure that accommodations provided, and accommodations used are recorded on the Administration Record/Security Checklist or Session Roster for both paper and computer-based administrations.

49. Test administrators must record any absences or test invalidations and report them to the school assessment coordinator at the time the materials are returned. In the case of test invalidations, the test administrator must verify that the “DNS” bubble for that test session is completed appropriately for paper-based tests.

50. All test materials must be returned to secure storage immediately after the conclusion of testing. Students must not assist school staff in carrying or transporting testing materials to and from the test room.

Please be reminded that, even after the conclusion of the assessment, the security of the test items and content must be maintained. Any review of test questions, test content, or test answers, whether after the test day or after the end of the testing window is prohibited. Such actions compromise the security of the test content and are considered to be a violation of testing standards.
