*Refer to the Daily Test Administration Schedule

Note that all computer-based tests (FSA ELA Writing Grades 8-10 and Retake; ELA Reading Grades 4-10 and Retake; FSA Algebra 1 Retake EOC; FSA Mathematics Grades 3-8; FCAT 2.0 Reading Retake; FSA Algebra 1 (first time testers), Geometry EOC; and NGSSS Biology 1, Civics, and US History EOC) may be administered in any order, by school, based on the needs of students within a school. One subject does not need to be completed before another begins, and subject tests may be administered concurrently. However, all paper-based (PBT) accommodations (Regular Print, Large Print, Braille, and One-item-per-page) for eligible students should be administered within the first 3 weeks of the testing window to ensure timely reporting of results. Please note that computer-based test administrations may be scheduled anytime during the CBT testing window but must be completed by the last day of the window for each assessment. Additionally, testing should begin on the first day of the testing window and testing should be completed within the least number of days possible, but must be completed by the last date noted for each respective testing window. Note: A list of the CBT and PBT testing windows for each FSA and NGSSS assessment has been provided for your convenience (see Attachment G).
The FSA are computer-based tests (CBT), except for the Grade 3 FSA ELA Reading and Grades 4-7 FSA ELA Writing tests, and all eligible students taking computer-based tests will be participating using the FSA Secure Browser. Please go to http://www.fsassessments.org/ for technical specifications and resources for this platform. Note that FSA paper-based administrations will be available for ESE or Section 504 plan students as documented on an IEP or Section 504 plan and accommodated CBT test forms (e.g., text-to-speech and masking) are also available via the FSA Secure Browser for all FSA CBT assessments during this administration. Reading and Writing Passage Booklets are available to eligible students taking the computer-based FSA ELA Writing and Reading who have accommodations requiring their use identified in IEPs or Section 504 plans. Deaf/Hard of Hearing students will be able to access videos that present listening items in American Sign Language and Closed-Captioning. Audio passage transcripts are also available to eligible Department of Corrections and Hospital/Homebound students taking paper-based assessments who have no access to computers or the Internet. All eligible students must participate in a CBT Practice Test session for the specific test(s) they are scheduled for, conducted at their school, to familiarize themselves with the different features of the FSA Secure Browser prior to the administration of the operational test(s).

All students who will use the CBT accommodations of text-to-speech, via the FSA Secure Browser platform, must participate in a Practice test session with the text-to-speech accommodation during this administration. Students who have previously participated in a FSA Practice Test for the subject test/grade level they will take are NOT required to participate in a Practice Test session for this administration; however, these students should be encouraged to access the Practice Test and practice on their own. Please note: All Grade 3 ELA Reading students and students with paper-based accommodations (regular print and One-item-per-page) who will take a FSA paper-based test (PBT) are required to participate in a test item practice session prior to the operational test session at the school, to familiarize themselves with the various item types they may encounter on the assessments. The Directions for Completing Paper Based Test Item Practice handouts containing sample items and associated scripts for administering test item practice sessions are posted on the FSA Portal. Schools may choose to use these along with the longer paper-based practice tests but are not required to do so. Students with Braille and Large Print PBT accommodations are required to participate in a paper-based practice test using the appropriate materials; these materials will be ordered by district staff.

The FCAT 2.0 Reading Retake and the NGSSS Biology 1, Civics, and US History EOC Assessments are computer-based tests (CBT), and all eligible students will be participating using the TestNav8 platform. Please go to www.FLAssessments.com/TestNav8 for technical specifications and resources for this platform. Note that paper-based administrations will be available for eligible students as documented on an IEP or Section 504 plan and accommodated CBT test forms (e.g., text-to-speech and masking) are also available via TestNav8 for all FCAT 2.0 and NGSSS EOC computer-based assessments during this administration.
Reading Passage Booklets are also available for eligible students taking the computer-based FCAT 2.0 Reading Retake who have accommodations requiring their use identified in IEPs or Section 504 plans.

Additionally, all students eligible for a CBT NGSSS test must participate in an ePAT session via PearsonAccess Next for each of the subject tests they will take at their school, to familiarize themselves with the different features of the TestNav8 testing platform prior to the administration of the operational tests. Students who have previously participated in an ePAT test for the subject test they will take are NOT required to participate in a practice session for this administration; however, these students should be encouraged to access the ePAT test and practice on their own.

STUDENT ENROLLMENT

For the Spring 2018 test administrations, currently enrolled students are not required to pre-register to take the test. School staff is responsible for identifying their enrolled students who need to participate in the test administration, notifying them about the test, and assigning them to testing rooms.

Adult education centers must test any of their enrolled students who need to take the FCAT 2.0 Reading Retake, FSA ELA (Writing and Reading) Retake, FSA Algebra 1 Retake EOC, FSA Algebra 1 (first time testers), Geometry, and NGSSS Biology 1 and US History EOC assessments. Non-enrolled students, Credit Acceleration Program (CAP), and Adult Education students must preregister in advance, by February 9 for the FSA ELA Retake (Writing and Reading), Algebra 1 Retake EOC, and FCAT 2.0 Reading Retake; and by April 6 for the EOC Assessments to ensure they can be accommodated and that sufficient materials and proctors are available.

Pre-registration is critical because it facilitates:

- confirming students’ eligibility to participate in the test administration (current enrollment and test sections needed);
- ensuring that students are informed about the test dates and the scheduling of test sessions;
- ensuring that students will have appropriate ID for the test session;
- ensuring that sufficient test administrators and proctors are scheduled;
- ensuring that sufficient test materials are available to meet the testing needs of pre-registered students;
- ensuring that students are advised that they may only test at one location during each testing window;
- assigning students to testing rooms and generating rosters of students to be tested; and
- maintaining test security.
The Miami-Dade County Public Schools FSA, FCAT 2.0, AND EOC ASSESSMENTS Registration Form (FM-7276), provided in Attachment A, can be used for student registration. This form may be obtained electronically from Records and Forms Management (http://forms.dadeschools.net/search.asp) and may be duplicated as needed. Please note that students are required to show valid picture identification at registration and again at the entrance to testing. Students should be informed of the test format (computer-based administration) at the time of registration, and should be given information regarding the computer-based testing practice tests for FSA and NGSSS assessments.

Adult education centers must test any of their enrolled students who need to take the respective assessment and are NOT enrolled in a senior high school during day school.

Please note that non-enrolled students may be permitted to register on a space-available basis. At the time of registration and before scheduling the student to participate in a test session, the student’s eligibility for the test must be verified.

ADMISSION OF STUDENTS TO TESTING

Each test administrator must have a list of those students who are assigned to test in his/her room for each session. The list must have the student’s name and Florida Education Identifier Number (FLEID). A blank Security Checklist that captures all the required administration information is accessible at the FSA Portal (linked). Note, students’ photo identification must be checked before unfamiliar students are admitted to a testing room. Only those students who are on the pre-assigned list for a testing room and who have photo identification will be admitted to a test session.

Tardy registered students are not to be admitted to a testing room once the session has started and instructions have been given. They must be rescheduled for a make-up session.

ROLES AND RESPONSIBILITIES FOR IMPLEMENTING TESTING PROGRAMS AT SCHOOL SITES

School administrators, teachers, and other school staff should all be made aware of their professional obligations with regard to testing programs. The roles and responsibilities of the principal, school assessment coordinator (test chairperson), technology coordinator, test administrator, and proctor in the implementation of assessment programs are described below.

Principal

The principal is responsible for ensuring that tests are administered in accordance with professional test administration procedures, as outlined in the administration manuals, program guides, and training materials provided by the test publishers, the state, and/or
the district, and for ensuring that any violations of test administration and/or security procedures are reported appropriately and in a timely manner. The principal designates a school assessment coordinator and ensures that the school assessment coordinator attends all mandatory district training sessions and follows established procedures. Although the principal may delegate the coordination of specific testing programs to the school assessment coordinator or another designee, the ultimate responsibility for maintaining the integrity of the test administration rests with the principal. The principal must submit a School Procedural Checklist (FM-6927) (Attachment B) after testing is complete, to certify that the test administration was conducted in accordance with the district’s established guidelines and procedures.

School Assessment Coordinator

The school assessment coordinator is responsible for organizing and monitoring testing programs at the school level in accordance with the procedures outlined for each program. Additionally, Attachments D and H in this training packet provide test administration and security procedures that should be used when training test administrators and proctors. Primary responsibilities for the CBT administrations include: attending and/or viewing district training sessions; planning and implementing test administrations; creating FSA test administrator accounts in TIDE; creating test administrator accounts in Pearson to resume tests (optional); training test administrators and proctors; arranging for testing locations; verifying receipt of test materials; verifying and managing student information in TIDE and Pearson; scheduling students into testing groups; organizing, and distributing materials to the test administrators; maintaining the security of test materials in the schools; supervising test administration; scheduling make-up sessions; invalidating tests in TIDE and Pearson; maintaining all required records and documentation; returning test materials for scoring; maintaining the confidentiality of student test records; and completing the School Assessment Coordinator Checklist as stated in the test administration manuals and available online.

Technology Coordinator

The technology coordinator is responsible for assisting the school assessment coordinator in the implementation of the computer-based test administration. The FSA Portal accessed at http://fsassessments.org/technology-resources/ and PearsonAccess Next accessed at www.FLAssessments.com/TestNav8 provide instructions and information that technology coordinators will need to prepare schools for FSA and NGSSS computer-based testing. The technology coordinator is responsible for reading and becoming familiar with all the information provided in the resources prior to each test administration. Primary responsibilities include: ensuring that all computers meet the minimum system requirements; downloading the FSA Secure Browser to student workstations for FSA test administrations; downloading and installing the proctor cache software on the proctor cache computers and configuring browser settings to cache test content in PearsonAccess Next for NGSSS tests; assisting test administration staff during the administration sessions with any technical difficulties that may develop; monitoring system usage during the administration; purging test content from the
proctor caching computer(s) for the PearsonAccess Next NGSSS tests; and completing the Technology Coordinator Checklist as stated in the test administration manuals and available online.

**Test Administrator**

The test administrator is responsible for directing and conducting student testing sessions, as specified in the test administration manuals and training packet. Only certificated administrative and instructional employees (e.g., teachers, counselors, media specialists) who have received appropriate training for a test may serve as test administrators. Primary responsibilities include: attending required training sessions; creating a password for FSA TA Interface access; creating or resetting the PearsonAccess Next password (optional to resume students as needed); establishing appropriate conditions in the testing room that include installing visual barriers for computer-based testing, distributing planning sheets, CBT work folders and CBT worksheets (if applicable), and returning student test materials. For FSA CBT tests, creating test sessions, approving students, pausing students for breaks, monitoring test sessions, and stopping the test session. For NGSSS CBT tests, monitoring and resuming students, if applicable. In addition, accounting for all assigned materials; strictly adhering to test scripts and directions; actively monitoring students during the testing session; following security procedures to ensure a standard administration; and completing the Test Administrator Checklist as stated in the test administration manuals and available online.

**Proctor**

The proctor is responsible for actively monitoring the testing session and for assisting the test administrator in managing the session and maintaining test security. Administrative, instructional, non-instructional, and paraprofessional employees who have received appropriate training for a test may serve as proctors. However, non-certificated employees may only assist in distributing and collecting student test materials under the direct supervision of a certificated test administrator, and may not administer the test, read test scripts, or have sole responsibility for the test materials. In addition, parents or other community volunteers who are trained in proctoring and test security may serve as test proctors, but proctors who are not employees may not handle any test materials or be left alone with students or test materials at any time. Note that proctors may not be assigned to proctor in a family member’s classroom or at the same grade level as the family member.

**Relief Staff**

Relief staff who may serve in classrooms in the temporary absence of the regular test administrator or proctor must meet all the requirements specified for the applicable role, and must have received appropriate training related to test administration and test security procedures.
ASSIGNMENT AND TRAINING OF TEST ADMINISTRATORS AND PROCTORS

Who may serve as test administrators? Certified instructional staff (e.g., teachers, counselors, media specialists) who has received appropriate training related to procedures for the FSA and NGSSS administrations and the test security procedures may serve as test administrators.

Who may serve as proctors? Instructional, non-instructional, and paraprofessional employees who have received appropriate training related to procedures for proctoring the FSA and NGSSS administrations and the test security procedures may serve as proctors. FDOE has updated the proctor requirements.

For paper-based and computer-based test administrations, the ratio of student per adult is 25 students to 1 test administrator. For a room with 26-50 students, a test administrator and 1 proctor must be present. For a room with 51-75 students, a test administrator and 2 proctors must be present.

*Adult (test administrator) to student ratio.

Use of Non-School Personnel as Proctors

Non-school system personnel may be used to assist test administrators during test administration. However, they may not participate in any of the test administration procedures.

- Non-school system personnel may not handle or distribute secure test materials;
- Non-school system personnel may not hand-grid student answer documents; and
- Non-school system personnel may not answer student questions.

Non-school system personnel may be used only as an “extra set of eyes” to assist test administrators in monitoring test administration and to assist in maintaining an atmosphere that provides students with optimal testing conditions. Parents may not be placed in rooms in which members of their families are being tested. Volunteers and tutors who work with specific students must not be placed in rooms in which students with whom they work are being tested. M-DCPS students may not serve as classroom volunteers in any capacity during testing. Volunteers must sign the Volunteer Responsibilities While Assisting with the Florida Standards Assessments (FSA), Florida
Next Generation Sunshine State Standards (FCAT 2.0), and EOC Assessments and Security Agreement (Attachment C) and the Test Administration and Security Agreement (test administration manuals).

All test administrators and proctors must be informed of their duties and all applicable security procedures and policies. The Test Administrators’ Responsibilities: Maintaining Test Security Before, During, and After Test Administration (Attachment D) is provided for use in training test administrators and proctors in maintaining test security, as well as a screencast that may be accessed at http://oada.dadeschools.net/Screencasts/TestSecurity/TestSecurity.html and played as part of the training session.

DISTRICT MONITORING OF FSA and NGSSS ADMINISTRATIONS

To ensure that the FSA, FCAT 2.0, and EOC Assessments are administered in accordance with the required procedures regarding uniformity and security, district staff will visit randomly selected school sites on test and/or make up dates, as well as during the days in which materials are stored at the schools.

Activities to be monitored include: the storage location of testing materials; procedures used to distribute/collection materials to and from test administrators and students; procedures used to admit students to testing rooms; and adherence to directions for administering the assessments.

The person assigned to monitor your school will need to speak to the school assessment coordinator, may sit in on a testing session, and will also have to be shown different areas of your school to make observations. These activities will not interfere with your school’s testing schedule.

GENERATING STUDENT LISTS

For the Spring 2018 test administrations, schools will need to generate a final list of eligible students for each assessment as applicable. File Download Manager (FDM) may be used to identify students that are eligible to participate in the FSA and NGSSS administrations.

Eligible students to test for the Spring 2018 FSA ELA (Writing and Reading) Retake and FCAT 2.0 Reading Retake, include students who are currently enrolled and have failed their cohort’s Grade 10 FSA ELA or FCAT 2.0 Reading requirement for graduation, as applicable.

Eligible students to test for the FSA Algebra 1 Retake EOC assessments include the students who failed the Algebra 1 EOC and have not yet met the Algebra 1 graduation test requirement.
Eligible students to test for the FSA Algebra 1 (first time testers, no previous score in file), Geometry, and NGSSS Biology 1, Civics, and US History EOC assessments include the following:

- Students who are new to the district, (private school, out of state/country) and have Algebra 1 course credit, but have not yet met the Algebra 1 graduation test requirement.
- Students who have an NG reported for the EOC course because they did not receive a valid EOC test score.
- Students who have completed an eligible EOC course (or completed at least 80% of the course content) through a virtual program (ex., Florida Virtual School) or adult program.
- Students who wish to retake an EOC to be eligible for a standard diploma with a scholar designation.
- Students in a credit acceleration program (CAP) who wish to take the assessment to earn course credit.

PREPARING ANSWER DOCUMENTS AND PRE-IDENTIFIED STUDENT LABELS

Students using paper test documents should not be listed as taking a CBT in TIDE or Pearson. Schools will receive pre-identified student labels for use on all Grades 4-7 FSA ELA Writing, Grade 3 FSA ELA Reading, Grades 5 and 8 FCAT 2.0 Science, and for preidentified eligible students with paper-based accommodations for the CBT test administrations (FSA ELA Writing, Grades 8-10; FSA ELA Reading, Grades 4-10; FSA Mathematics, Grades 3-8; FSA Algebra 1, Geometry EOC, and NGSSS Biology 1, Civics, and US History EOC Assessments. However, a PreID Roster and labels will NOT be generated for the Retake administrations including, FSA ELA (Writing and Reading) Retake, FSA Algebra 1 Retake EOC, and FCAT 2.0 Reading Retake assessments for students that have paper-based accommodations. A Pre-ID Roster, which lists the students for whom a Pre-ID label is provided, will be included in each school’s shipment, if applicable. The Pre-ID Roster should be verified against a school-generated list of eligible students for each assessment.

Preidentified student information was submitted via PreID files for the FSA and NGSSS assessments. A PreID roster and labels will be generated for students taking a paper-based test and eligible students with paper accommodations that were captured in Wave 1 of the FSA ELA (Writing and Reading) and Math and FCAT 2.0 Science; and eligible students who have paper accommodations that were captured for the FSA EOC and NGSSS EOC computer-based administrations.

Please note that there will NOT be PreID labels generated for the Retake administrations. Therefore, school assessment coordinators must print PreID labels for FSA ELA (Writing and Reading) Retake, FSA Algebra 1 Retake EOC, and FCAT 2.0 Reading Retake paper-based accommodations. To print On-Demand PreID labels (see sample Attachment E) in TIDE, refer to the TIDE User Guide on pages 51-52, and refer to the Florida PearsonAccess Next Online User Guide on page 46 for instructions to print NGSSS PreID labels in PearsonAccess Next.

SCHEDULING STUDENTS FOR CBT

School assessment coordinators will view and verify student information online (TIDE and/or PearsonAccess Next) for computer-based (CBT) administrations. Schools will have pre-identified student information available in TIDE for students that were enrolled at the school as of January 19, for the FSA ELA and Mathematics, and FSA ELA Retake; and as of January 26, for the FSA Algebra 1 Retake EOC, and the FSA Algebra 1 (first time testers) and Geometry EOC assessments.

Schools will have pre-identified student information available in PearsonAccess Next for students that were enrolled at the school as of February 23, for the FCAT 2.0 Science and FCAT 2.0 Reading Retake; and as of March 2, for the NGSSS Biology 1, Civics, and US History EOC assessments.

New students enrolled at the school after the PreID dates will not be included in TIDE or PearsonAccess Next. Schools must add any new students who enroll after the PreID dates and are eligible based on the students to be tested requirements for each assessment as noted in the test administration manuals. For directions on adding students to TIDE and PearsonAccess Next, refer to the TIDE User Guide, pages 38-39 and to the Florida Online PearsonAccess Next User Guide, pages 30-31.

For the FSA computer-based assessments, school assessment coordinator must first verify the information in TIDE against the school generated lists from the student information database (File Download Manager). For the FSA tests, if the Florida Education Identifier Number (FLEID) is incorrect in TIDE, the student record must be deleted before the testing window opens (see page 48 in TIDE User Guide) and re-
entered with the correct information (see pages 38-39 in the TIDE User Guide). If any other student information is incorrect (i.e. date of birth, grade level) in TIDE, the student record must be corrected in TIDE (see pages 33-37 in TIDE User Guide) but the record can be used. School assessment coordinators will need to generate class lists to provide to the test administrator to capture all required administration information for all FSA tests (see Security Checklist in Appendix D of the FSA CBT Manual). In addition, school assessment coordinators will need to print the CBT test tickets (FSA tests) (see sample Attachment E) which students use to log into the FSA Secure Browser for computer-based testing. Each ticket is a secure test document which contains the First Name and Username for students to log into the FSA Secure Browser. **The tickets and class rosters are secure documents and must be placed in a secure limited access location.**

**On the morning of the FSA computer-based tests,** test administrators must create a test session (for the test being administered) via Test Administrator (TA) Interface, and provide the Session ID# generated to the students in the classroom. The students will log into the FSA Secure Browser, and enter the Username and First Name exactly as recorded on the test ticket, along with the Session ID#. After students log into the FSA Secure Browser, the test administrator will approve students to test in the TA Interface. **Note the test administrator must write the Session ID# on the board for students to view and to log back into the test session, as needed.**

**For the FCAT 2.0 and NGSSS EOC computer-based assessments,** school assessment coordinators will verify student PreID information in PearsonAccess Next. For the NGSSS CBT assessments, the Student Name and Florida Education Identifier Number (FLEID) must be correct in PearsonAccess Next. If this information is incorrect, the student record must be deleted and reentered with the correct information, refer to the Florida PearsonAccess Next Online User Guide, page 31 to delete a student record and pages 30-31 to add a new student record in PearsonAccess Next. After verifying student information in PearsonAccess Next for the FCAT 2.0 Reading Retake, Biology 1, Civics, and US History EOC tests, school assessment coordinators must create test sessions and maintain a list of all test sessions. The technology coordinator must configure browser settings for the Proctor Cache computer to allow the school assessment coordinators to cache test content for all NGSSS test sessions. School assessment coordinators can use the Advanced Session Roster (list of students tested in the same test session) generated in PearsonAccess Next to capture required administration information. In addition, the school assessment coordinators will need to print the Student Authorization Tickets (FCAT 2.0 Retake and NGSSS EOC tests) (see sample Attachment E) which students use to log into TestNav8 for computer-based testing. Each ticket is a secure test document which contains the TestNav8 URL, Username and a Password to log into TestNav8. Furthermore, for the FCAT 2.0 Reading Retake, the school assessment coordinators will provide the Seal Code (see sample Attachment E) for students to access Session 2 of the FCAT 2.0 Reading Retake on Day 2. **The student authorization tickets, class rosters, and seal codes are secure documents and must be placed in a secure limited access location.**
Prior to beginning the NGSSS computer-based test session each day of testing, the school assessment coordinators must ensure that the test session(s) are marked prepared before proctor caching and start the session. Test sessions can be prepared and proctor cached a week before testing. In addition, the Proctor Cache computer must be turned on and running during the scheduled test sessions.

SPECIAL PROGRAM STUDENTS

Students from the Special Programs (Florida Virtual School Program: Full-Time K-5 (71/0300) and Full Time 6-12 (71/0400); Miami-Dade Online Academy K-12 (13/7001); Florida Home Education Program (13/9998); McKay Scholarship (Private School) (13/3518); Florida Tax Credit (FTC) Scholarship (97/9999); and Hospital/Homebound (13/9732) will test at their assigned school for the Spring 2018 test administrations, as eligible. A list of students assigned to your school from each special program will be sent via email to selected principals and school assessment coordinators.

School assessment coordinators will assign a testing room and distribute the test and answer books, planning sheets, CBT work folders, and CBT worksheets, four-function calculators, as applicable to the registered Special Program students.

Special Program students from the Miami-Dade Online Academy (M-DOA) K-12, Florida Home Education, McKay Scholarship (Private School), Florida Tax Credit (FTC), and Hospital/Homebound (HHIP) who are eligible for the FSA and NGSSS CBT tests will be added to TIDE and/or PearsonAccess Next by District staff. Florida Virtual School Program Full-Time (FLVS-FT) students eligible for the FSA and NGSSS CBT tests will be set up in TIDE and/or PearsonAccess Next by FLVS staff.

For the FSA computer-based tests, District staff will forward the CBT test tickets to the principal and school assessment coordinator at the assigned school. The school assessment coordinator must assign the special program student to a testing room and provide the test ticket.

The test administrator in the assigned room will log into the TA Interface, create a test session, provide the Session ID# to the student, and approve the student to test. To log into the FSA CBT tests, the student opens the FSA Secure Browser, enters the First Name (as it appears on the test ticket), the Username, and the Session ID that was provided by the test administrator (after the test session is created). If a student is logged out during a FSA CBT test session, the student can log back into the session with the same test ticket and Session ID, and the test administrator must approve the student to test, as applicable.

For the NGSSS computer-based tests, District staff will add the students to a DISTRICT test session in PearsonAccess Next (DISTRICT READ for the FCAT 2.0 Reading Retake; DISTRICT BIO for the Biology 1 EOC; DISTRICT CIV for the Civics
EOC; and **DISTRICT HIS** for the US History EOC. School staff will print the Student Authorization Tickets for eligible students taking an NGSSS CBT.

The student types the URL on the ticket to access the TestNav8 Sign in screen and enters the Username and Password as noted on the Student Authorization Ticket to log into the test. If a student is logged out during the NGSSS test session, the school assessment coordinator may resume the student to test. However, if a FLVS-FT student is logged out of the test, the school assessment coordinator must contact FLVS staff to have the student resumed to continue testing. The FLVS contact information is printed on the Student Authorization Tickets. **Students will also need the seal code to log into session 2 of the FCAT 2.0 Reading Retake on day 2.**

**Note that the test tickets and seal codes are secure documents and must be kept in a locked, limited access location along with all secure test.**

**REQUESTING ADDITIONAL TEST MATERIALS**

Elementary, middle, K-8 centers, senior high schools, and alternative education centers will be receiving allocations of materials based on the number of students enrolled at the school as of the following dates:

- **January 19**: FSA ELA Writing, ELA Reading, and Mathematics
- **January 19**: FSA ELA Retake (Writing and Reading)
- **January 26**: FSA Algebra 1 Retake EOC and FSA Algebra 1 (First time testers) and Geometry EOC
- **February 23**: FCAT 2.0 Reading Retake
- **February 23**: FCAT 2.0 Science
- **March 2**: NGSSS Biology 1, Civics, and US History EOC

Comet Delivery Service will deliver test materials to elementary, K-8 centers, middle and senior high schools, and alternative education centers, refer to the Schedule of Activities for the delivery dates for each assessment. Adult Centers will pick-up the test materials at the Test Distribution Center (TDC) on **February 1 or 2** for the FSA and NGSSS assessments.

Schools will need to plan to receive and securely store these materials. If any additional test administration manuals and non-secure materials are needed, school assessment coordinators can order online at [http://oada.dadeschools.net/TDC/TDC.asp](http://oada.dadeschools.net/TDC/TDC.asp).

**MATERIALS PROCEDURES**

School assessment coordinators are to follow all materials handling procedures specified in the test administration manuals to ensure that the security of the test content is maintained. In addition, procedures specific to Miami-Dade County Public Schools are set forth below.
• When the FSA and NGSSS secure test materials are received, immediately verify the counts and sequence numbers of materials received against the packing lists. For the FSA and NGSSS paper-based secure materials, a prepopulated Security Checklist can also be used and is available online in TIDE (see pages 62-63 in TIDE User Guide) and PearsonAccess Next (see page 13 in the Science Manual or page 20 in NGSSS CBT Manual) using the school assessment coordinator’s unique username and password.

• Call Student Assessment and Educational Testing (SAET) at 305-995-7520 immediately, if there are any irregularities or discrepancies in your shipments.
  
  o If you need additional non-secure FSA and NGSSS materials (planning sheets, CBT work folders, CBT worksheets, and four-function calculators) place order online at http://oada.dadeschools.net/TDC/TDC.asp.
  
  o If you need additional secure PBT accommodations (Regular Print, Large Print, Braille, Reading or Writing Passage Booklets, One Item Per Page, or audio passage transcripts) for eligible students with the accommodations listed on the IEP or Section 504 Plan, place an additional order via the PBT Accommodations application accessible from your M-DCPS Employee Portal, under the Apps|Services|Sites tab.

• Maintain the Test Materials Chain of Custody Form (found in the test administration manuals) to track secure paper-based materials at all times when materials are handled.

• Shrink-wrapped packages of secure materials may be opened no sooner than five (5) days prior to the administration of each subject test for FSA and NGSSS assessments. NO EARLIER.

• Only the school assessment coordinator and persons designated by the school site administrator may prepare test materials. All handling, including affixing of labels and hand-gridding, must be done in a limited-access area. Students are not permitted to assist in this process or to handle test materials before or after testing.

• All secure test materials, including planning sheets, CBT work folders, CBT worksheets, Reading and Writing Passage booklets, and audio passage transcripts must be placed in locked storage immediately and remain there until the test date.

• Secure test materials must be stored in a locked location with strictly limited access (3 or fewer keys). Strict accounting of the keys to the secure location must be maintained; limited to the principal, assistant principal, and/or school assessment coordinator. No master key should open the storage area.
The use of seating charts or recording of specific seat assignments is **required** for paper-based and computer-based testing in all rooms, including make-up sessions. A sample seating chart with the required information is provided as Attachment F.

**MATERIALS RETURN TO THE TEST DISTRIBUTION CENTER**

The “Friendly Reminders” provides a quick reference guide for packing and returning your test materials. School assessment coordinators are encouraged to review this document to assist with the process of packing and returning of materials for each administration. For your convenience, the Friendly Reminders for the Spring 2018 FSA and NGSSS assessments will be posted on the TDC Documents website available at http://oada.dadeschools.net/TDC/TDC.asp.

For the Spring 2018 FSA and NGSSS test administrations, **schools are to hand deliver ONLY “TO BE SCORED” boxes for paper-based test materials (including Regular Print, Large Print, One-Item-Per-Page, and Braille accommodations) to TDC by 2 p.m. daily, EXCEPTION is on Wednesdays, return by 1 p.m. on the scheduled return dates. The “NOT TO BE SCORED” boxes and the District Coordinator Only Boxes will be picked up at the schools by Comet Delivery Service on the scheduled dates, refer to Friendly Reminders.**

**STATE AND DISTRICT REQUIRED FORMS**

The following district and state forms must be completed. **Keep copies of each at your school site for a minimum of one calendar school year.**

- The *Administration Record/Security Checklist* (Appendix E in the FSA PBT Manual; Appendix D of the FSA and NGSSS CBT Manuals; Appendix C of the FCAT 2.0 Science Manual) must be used to capture all required administration information for paper-based and computer-based administrations; and to maintain a list of the security number of documents and range of security numbers assigned to each test administrator for every day of testing. Note, the test administrators must sign for receipt of the test materials when issued; the school assessment coordinators must sign for receipt of materials upon their return after testing.

- The *Test Materials Chain of Custody Form* must be maintained to document that **paper-based test materials**, including any of the following as applicable: regular print, large print, braille, one-item-per-page, passage booklets, and/or audio passage transcripts. These materials are secure and must be accounted for at all times (Appendix E in the FSA PBT Manual; Appendix D of the FSA and NGSSS CBT Manuals; Appendix C of the FCAT 2.0 Science Manual).
• The *Test Administration and Security Agreement* must be read and signed by district and school staff certifying that test administration and security procedures will be followed as outlined in the Florida Test Security Statute and Rule (Appendix E in the FSA PBT Manual; Appendix D of the FSA and NGSSS CBT Manuals; Appendix C of the FCAT 2.0 Science Manual).

• *Test Administrator Prohibited Activities Agreement* affirming that test administrators understand prohibited activities during the test administration and possible consequences of inappropriate behavior (Appendix E in the FSA PBT Manual; Appendix D of the FSA and NGSSS CBT Manuals; Appendix C of the FCAT 2.0 Science Manual).

• The *Security Log* must be completed during testing by personnel (test administrators, proctors, relief staff, etc.) assigned to monitor a testing room for any length of time (Appendix E in the FSA PBT Manual; Appendix D of the FSA and NGSSS CBT Manuals; Appendix C of the FCAT 2.0 Science Manual).

• Attendance rosters, seating charts, and test group codes define groups tested together and help to maintain a record of student room assignments. Test group codes must be used for all paper-based testing groups for the Spring 2018 FSA; and both paper-based and computer-based NGSSS tests administrations. However, for the FSA computer-based testing groups, the Session ID# will serve as the testing group identifier. Additionally, the use of seating charts or recording of specific seat assignments is required for all testing rooms. A sample seating chart is provided as Attachment F.

• *M-DCPS Spring 2018 Accounting for All Secure Documents* is a district form designed to help schools keep track of secure test documents and ensure that no materials inadvertently remain behind at the school. This form will be useful in responding to missing materials reports generated by the test vendor. It will be posted to [http://oada.dadeschools.net/TDC/TDC.asp](http://oada.dadeschools.net/TDC/TDC.asp) (TDC Documents website).

• After the conclusion of the test administration, the school assessment coordinator and principal must complete the *Miami-Dade County Public Schools School Procedural Checklist* (FM-6927) (Attachment B), certifying that each test administration was supervised by the school principal in accordance with the District’s established guidelines and procedures.
HHIP Program Student Participation

1. Students enrolled in the Hospital/Homebound Instructional Program (HHIP) may be assigned back to their originating (home) school in order to participate in the Spring 2018 FSA ELA (Writing and Reading); FSA Mathematics; FCAT 2.0 Science; FSA Algebra 1, Geometry EOC and NGSSS Biology 1, Civics, and US History EOC administrations. The schools that will be testing these students will receive a list with the student’s demographic information and required testing accommodations to be provided for each student, as applicable. Note, HHIP will test their eligible Retake students for the FSA ELA (Writing and Reading) Retake, FSA Algebra 1 Retake EOC, and FCAT 2.0 Reading Retake administrations.

2. All students in the HHIP program who are unable to test at their home school will be tested on-site, in their homes, or at a designated remote location by HHIP test administrators.

Scheduling HHIP Program Students for Testing

3. HHIP students will take the following tests, as eligible:

*Paper-based (PBT); Computer-based (CBT)

4. Paper based tests will be ordered for all HHIP students and delivered to the assigned school. However, school staff at the assigned school may consult with parents to consider administering a CBT test. If parental approval is granted, the student can test via CBT and the unused PBT can be returned in the NOT TO BE SCORED box.

5. For eligible students whose parents grant approval to test via CBT, the school assessment coordinator at the assigned school must contact Student Assessment and Educational Testing at 305-995-7520 to request the test tickets for the student. HHIP students eligible for CBT will be set up in TIDE for the FSA and in PearsonAccess Next for the NGSSS. Do not enter HHIP students in TIDE or PearsonAccess Next under your school.

- For the FSA CBT assessments, the test tickets from TIDE will be emailed to the school assessment coordinator at the assigned school. The school assessment coordinator must assign the student to a testing room and provide the test ticket. The test administrator in the assigned room will log into the TA Interface, create a test session,
provide the Session ID# to the students, and approve the students to test. The student will log in to test by opening the FSA Secure Browser, entering the First Name (as it appears on the test ticket), the Username, and the Session ID# that was provided by the test administrator (after the test session is created). Note, if a student is logged out during testing, the student can log back into the test session with the test ticket and Session ID, and the test administrator must approve the student to test, as applicable. Note that the test tickets are secure documents and must be kept in a locked, limited access location along with all secure test documents.

i. Test Tickets must be provided to the appropriate HHIP student.
ii. Students will use their test ticket with their FIRST NAME and USERNAME and the SESSION ID# to log into the FSA Secure Browser from their assigned school.

- **For PearsonAccess Next CBT assessments,** District staff will create and place eligible students in test session called "DISTRICT BIO" for Biology 1, "DISTRICT CIV" for Civics, and "DISTRICT HIS" for the US History, as applicable. School assessment coordinators will be able to print Student Authorization Tickets for the students and resume students, if needed. They will also be able to PREPARE, START and STOP the test session(s). Note that the Student Authorization tickets are secure documents and must be kept in a locked, limited access location along with all secure test documents.

i. Student Authorization Tickets must be provided to the appropriate HHIP student.
ii. Students will use their Authorization Ticket with the unique USERNAME and PASSWORD to log into TestNav8 from their assigned school.

6. School assessment coordinators will need to assign a testing room and distribute test tickets (for FSA Secure Browser), Student Authorization Tickets (for TestNav8), planning sheets, worksheets, work folders, reference sheets, and periodic tables, as applicable to registered students taking the computer-based tests.

**Gridding HHIP Program Student Answer Documents**

7. A PreID label must be placed on test and answer books for the FSA and NGSSS documents.

8. **For FSA paper-based test documents,** the District will email the electronic PreID label to the schools where the student will test. Schools must print and place an On-Demand PreID student label on the HHIP student’s FSA test and answer book for the scores to be reported to Brucie Ball Educational Center (See instructions for printing an On Demand PreID label in the TIDE User Guide, page 51).

9. **For NGSSS paper-based test documents,** the District will email the electronic PreID label to the schools where the student will test. Schools must print and place an on Demand PreID student label on the HHIP student's NGSSS test and answer book for the scores to be reported to Brucie Ball Educational Center (See instructions for printing an On Demand PreID label in Florida PearsonAccess Next User Guide, page 44). However, the NGSSS answer documents for HHIP students may be hand-gridded and coded as follows:

<table>
<thead>
<tr>
<th>District</th>
<th>SCHOOL NAME</th>
<th>DISTRICT NUMBER</th>
<th>SCHOOL NUMBER</th>
</tr>
</thead>
<tbody>
<tr>
<td>Miami-Dade (13)</td>
<td>Brucie Ball Educational Center</td>
<td>13</td>
<td>9732</td>
</tr>
</tbody>
</table>
If the correct school number for HHIP students is not on the answer documents, these students’ scores will be included in your school’s summary reports.

10. **Caution:** M-DCPS schools may receive PreID labels included in their regular school shipment for former students who have since withdrawn from the school and enrolled in HHIP. These labels must **not** be used, as the student’s results would be incorrectly assigned to the school identified on the label, not the HHIP.

11. **Caution:** Do not confuse students in the HHIP with Florida Home Education Program (FHEP) students (school 9998). **If in doubt, call Student Assessment and Educational Testing (SAET) for clarification of the student’s status.**

**Packing HHIP Program Student Answer Documents**

12. FSA paper-based test documents for all HHIP students may be packed and returned together with your school’s TO BE SCORED materials, refer to the following documents as applicable:
   - FSA Paper-Based Materials Return Instructions document available in the *2017–2018 FSA Accommodations Guide* for instructions on how to return PBT Accommodations or
   - Spring 2018 FSA Paper Based TAM, Appendix C

3. Students from McKay Scholarship will test at their assigned school for the Spring administrations. All McKay students who are eligible for the computer-based testing will be set up in TIDE for the FSA and in PearsonAccess Next for the NGSSS EOC Assessments.

- For the FSA CBT assessments, the test tickets from TIDE will be emailed to the principal and school assessment coordinator at the assigned school. The school assessment coordinator must assign the student to a testing room and provide the test ticket. The test administrator in the assigned room will log into the TA Interface, create a test session, provide the Session ID# to the students, and approve the students to test. The student will log in to test by opening the FSA Secure Browser, entering the First Name (as it appears on the test ticket), the Username, and the Session ID# that was provided by the test administrator (after the test session is created). Note, if a student is logged out during testing, the student can log back into the test session with the test ticket and Session ID, and the test administrator must approve the student to test, as applicable. Note that the test tickets are secure documents and must be kept in a locked, limited access location along with all secure test documents.

School assessment coordinators will be able to print Student Authorization Tickets for the students and resume students, if needed. They will also be able to PREPARE, START and STOP the test session(s).
Note that the Student Authorization tickets are secure documents and must be kept in a locked, limited access location along with all secure test documents.

i. Student Authorization Tickets must be provided to the appropriate McKay Scholarship student.

ii. Students will use their Authorization Ticket with the unique USERNAME and PASSWORD to log into TestNav8 from their assigned school.

4. School assessment coordinators will need to assign a testing room and distribute CBT test tickets (for FSA Secure Browser), Student Authorization Tickets (for TestNav8), planning sheets, worksheets, work folders, reference sheets, and periodic tables, as applicable to registered students taking the computer-based tests.

Gridding McKay Program Student Answer Documents

5. A PreID label must be placed on test and answer books for the FSA and NGSSS documents.

The assigned school must print and place an On-Demand PreID student label on the student’s FSA test and answer book for the scores to be reported to the McKay Scholarship Program Office (See instructions for printing an On Demand PreID label in the TIDE User Guide, page 51).

7. For NGSSS paper-based test documents, the District will email the electronic PreID label to the schools where the student will test. Schools must print and place an On-Demand PreID student label on the McKay student’s NGSSS test and answer book for the scores to be reported to McKay Scholarship Program (See instructions for printing a PreID label in Florida PearsonAccess Next User Guide, page 44). However, the answer documents for McKay students may be hand-gridded and coded as follows (See instructions for gridding contained in the test administration manual):

TEST ADMINISTRATORS’ RESPONSIBILITIES MAINTAINING TEST SECURITY
BEFORE, DURING, AND AFTER TESTING

This material does not cover every aspect of the test administrations. Rather, it highlights procedures to be followed to maintain test security during a testing session. Persons serving as test administrators or proctors must attend a training session conducted at their school or center and must review the appropriate Test Administration Manual and the District’s Standards, Guidelines, and Procedures for Test Administration and Test Security. Test irregularities must be reported immediately to a school administrator.

Preparing for the Assessment

1. Test administrators and proctors must be familiar with the test security procedures and administration directions prior to the actual test administration. Each test administrator must be provided the test manual containing the security procedures, the administration directions, and the script to be read to students. Test administrators must use the following manuals as appropriate to administer the test(s):

   - Spring 2018 FSA Paper-Based Test Administration Manual
   - Spring/Summer 2018 FSA Computer-Based Test Administration Manual
   - Spring 2018 Science Test Administration Manual
   - Spring/Summer 2018 CBT Test Administration Manual

2. Test administrators and/or proctors must not have access to the test booklets until the day of testing.

3. For paper-based and computer-based administrations, there must be one adult (test administrator) for every 25 students (1:25).

4. Test administrators must not look at or review any test content (i.e., prompt, passages, test items, mathematics problems, etc.) before, during, or after the test session.

5. The test booklet must not be opened or the seals removed before testing begins.

6. All classroom materials that might provide clues to students (e.g., maps, math formulas, word walls, multiplication charts) must be removed from the test room, or covered, prior to testing.
7. Test materials **must** be readily available, inventoried, and organized for easy test administration. Test administrators **must** ensure that they have sufficient materials to test their assigned students.

8. Seating should be adequately arranged and spaced to discourage cheating. The use of seating charts to plan and record student seat assignments **is required**. All seating charts must indicate the front and back of the room, as well as the direction the students are facing. For CBT, the seating chart should also indicate laptop/mobile device assignments, if applicable.

9. For a CBT test session, ensure that all software applications, including Internet browsers, are closed on all student workstations before the test session begins.

*Students should be discouraged from bringing any materials into the classroom other than pencils or pens and erasers. All materials must be placed under the students’ desks during testing. Specifically, possession of all electronic devices, including telephones, pagers, electronic translators, organizers, etc., is a cause for invalidation. Any such devices must be turned off and stored out of “arm’s reach” during testing, including breaks. The test administrators, proctors, and school staff must also turn off and put away all electronic devices.*

**Conducting the Assessment**

10. Test administrators and/or proctors **must** have a roster of students assigned to their room for the test administration. Test administrators and/or proctors **must not** admit students into the testing room unless their names are on the roster of students for that room. The test administrator or proctor will check unfamiliar student photo identification (e.g., driver's license or school identification) as students enter and exit the testing room.

11. The test administrator will take roll on each day of testing by writing the date tested next to each student's name or by placing a check mark under the appropriate date and subtest column on the student roster. The school assessment coordinator at your school will have instructed you on the use of the roster at your training session.

12. For paper-based and computer-based testing, the test administrator will ensure that students read and sign below the *Testing Rules Acknowledgement* prior to testing, as directed to do so on the script.

13. For paper-based testing, the test administrator and/or proctor **will** assign a test and answer booklet number to each student and check off each student's name on the roster as he/she is given a test booklet, and will record the assigned booklet number for documents with security numbers.
14. Students are to be allowed access to test booklets (test questions) only during the actual administration of the test. Please be reminded that under no circumstances are students to be permitted to handle any test materials before or after the test administration. Students are not permitted to assist in carrying or distributing any test materials.

15. All testing materials (as applicable), including test and answer books, planning sheets, Reading and Writing Passage Booklets, CBT worksheets, CBT work folders, CBT test tickets, approved calculators, reference sheets, and periodic tables must be handed to and collected from each student individually. No test materials may be handed out in groups or passed along from student to student.

16. All testing materials should be secured immediately, out of reach of students. Do not leave testing materials (as applicable), including test and answer books, planning sheets, Reading and Writing Passage Booklets, Audio Passage Transcripts, CBT worksheets, CBT work folders, CBT test tickets, approved calculators, reference sheets, and periodic tables on top of a desk or table or anywhere that is accessible to students (even if test administrators and/or proctors are in the room).

17. Test administrators must read the appropriate script for administering each respective assessment as it is presented in the appropriate test administration manual.

18. For the FSA computer-based tests, test group codes will not be necessary. Instead, a Session ID will be generated when the test session is created by the test administrator in the FSA Portal (Test Administrator Interface). The Session ID will be unique and will identify the group of students testing together for a specific subject test and session. Test group codes are required for all other paper (FSA and NGSSS) and NGSSS computer based test administrations: FSA ELA Reading, Grade 3; FSA ELA Writing, Grades 4-7; FCAT 2.0 Science, Grades 5 and 8; FCAT 2.0 Reading Retake, Grades 10+-AD; and NGSSS Biology 1, Civics, and US History EOC.

Security measures implemented for computer-based testing parallel those for paper-based administration. Test Administrators and/or proctors must actively monitor the testing room.

19. Computer labs must be set up to ensure that students cannot view the monitors of other students’ workstations. Visual barriers may be used to prevent incidental viewing.

20. The test administrator and/or proctor must verify the identification of unfamiliar students when distributing CBT test tickets.
21. CBT test tickets are secure test documents, and must be kept in locked, limited access location.

22. During test sessions, unused CBT test tickets must be secured (i.e., not left on a desk, podium within reach of students).

23. Procedures must be implemented to contact the school assessment coordinator during a session in case a student is disconnected from the session and must be resumed/approved to continue testing.

24. If test administrators are given access to approve test sessions and/or resume students, an additional proctor should be assigned to the testing room.

25. If a student must be excused for a short break, it is permissible to turn off the monitor so that the screen cannot be viewed, rather than exiting or pausing the test session.

26. Remember, all statewide assessments are secure tests. Neither test administrators nor proctors may read the items in the test booklets or on the computer screen before, during, or after the test administrations. The content of the test is not to be reviewed or discussed with students, staff, parents, or community members at any time before, during, or after the test.

27. The test items may not be copied or retained in any way for future use. Students are not to be questioned or “debriefed” on test content or test items at any time, nor may any test items or test content be reviewed with students after the test.

28. Students may not go back to a session of an assessment which they have completed. Once a subtest concludes, a student cannot return to complete any blank items or change answers. However, students are encouraged to review items within the current session until they “submit” their responses, when finished, or at the end of the time allotted.

29. Students must not be assisted in using the TestNav or FSA Secure Browser tools or answering test questions by anyone, including persons administering or proctoring the test.

30. Students are NOT permitted to use notes, electronic devices, or any other materials during the assessment. However, ELL students should have access to a heritage-language-to-English dictionary (no definitions) which can be an electronic translation dictionary that is a standalone device without the ability to access the Internet, according to the guidelines set forth in Appendix A of the test administration manuals. Proctors should check paper dictionaries to ensure that there are no notes or other materials inside them.
31. Each ESE student must be provided with the appropriate and allowable accommodations delineated in his/her IEP or Section 504 Plan. Only those accommodations delineated for each student may be provided for that student.

32. The test administrators and/or proctors are required to walk around the room and maintain their attention on the students to prevent cheating and to ensure that students are working in the correct section.

**In the event of a cheating invalidation, the test administrator and/or proctor is required to report the incident immediately to the school assessment coordinator and the school administration and to document the incident thoroughly.**

33. If a student needs to leave the room during a paper-based test session, all testing materials including approved calculators must be collected by the test administrator and/or proctor and held until the student returns.

34. At no time should the students in the testing room be left unsupervised during the assessment (i.e., while students have test booklets in their possession).

35. Students should not be given access to electronic devices (e.g., cell phones, smartphones, and netbooks) during breaks. If a student accesses his or her electronic device(s) during a break, that student’s test must be invalidated. (Exception: Electronic dictionaries without access to Internet for ESOL students levels 1-4).

36. If there is an extended break during a paper-based test session (such as a lunch break), collect all test materials individually from each student. All test booklets (used and unused) must be accounted for and, if the test administrator and/or proctor is unable to remain in the room with the materials, returned to locked storage until testing resumes.

37. If there is an extended break during a CBT test session (such as a lunch break), students must logout of TestNav or Pause the test in the FSA Secure Browser, but the student must be resumed or approved to continue testing once he/she returns. Students MUST NOT submit their responses for a break.

38. If an extended break, such as lunch, occurs for either paper-based or computer-based testing sessions, students must be closely monitored during the break to ensure that the content of the test is not discussed.

39. If students are moved to a different location during testing, a new seating chart must be created and maintained for this location. In addition, a new Session ID to log into the CBT FSA Secure Browser or a new test group code would have to be assigned.
Concluding the Assessment

40. After testing, all test materials are to be collected from each student individually.

41. For paper-based administrations, the test administrator should make sure the student's name and date of birth appear on the test-and-answer booklet and that the correct booklet number has been recorded for that student. The student name must be identical to the one on his/her student FLEID. The test administrator must verify that the student has completed the student name, date of birth (DOB) (can be recorded by the school assessment coordinator or the student), school name or number, district name or number, “Today’s Date”, and test group code as specified in the test script, and that the “DNS” bubbles have not been filled out inappropriately. Any errors or discrepancies must be reported to the school assessment coordinator at the time the materials are returned after testing.

42. Used test and answer booklets collected from students must not be placed where they are accessible to the other students remaining in the room.

43. The test administrator should also verify that students have signed the Testing Rules Acknowledgement, and individually collect any testing materials (as applicable), including test and answer books, planning sheets, Reading and Writing Passage Booklets, CBT worksheets, CBT work folders, CBT test tickets, approved calculators, reference sheets, and periodic tables.

44. Make sure that each computer displays the desktop. Assist any student who needs help submitting the test.

45. At the conclusion of a CBT test session, verify that each student has properly completed the test by checking his or her computer screen before the student leaves the room.

46. As soon as the last student has completed the assessment or when time is up, the test administrator should account for all testing materials (as applicable), including test and answer books, planning sheets, Reading and Writing Passage Booklets, Audio Passage Transcripts, CBT worksheets, CBT work folders, CBT test tickets, approved calculators, reference sheets, and periodic tables that were assigned to him/her for that test session, as applicable. Any discrepancies must be reported to the school assessment coordinator immediately.

47. No student should be permitted to leave the testing room until it has been verified and documented that all his/her testing materials (as applicable), including test and answer books, planning sheets, Reading and Writing Passage Booklets, CBT worksheets, CBT work folders, CBT test tickets, approved calculators, reference sheets, and periodic tables have been returned to the test administrator. Administrators must verify that each student returned each type of
secure testing document on the Administration Record/Security Checklist and/or Session Roster by checking the appropriate fields. This may be done by crossing or checking off each student’s name from a student list or roster as the test materials are collected.

48. Ensure that accommodations provided and accommodations used are recorded on the Administration Record/Security Checklist or Session Roster for both paper and computer-based administrations.

49. Test administrators must record any absences or test invalidations and report them to the school assessment coordinator at the time the materials are returned. In the case of test invalidations, the test administrator must verify that the “DNS” bubble for that test session is completed appropriately for paper-based tests.

50. All test materials must be returned to secure storage immediately after the conclusion of testing. Students must not assist school staff in carrying or transporting testing materials to and from the test room.

Please be reminded that, even after the conclusion of the assessment, the security of the test items and content must be maintained. Any review of test questions, test content, or test answers, whether after the test day or after the end of the testing window is prohibited. Such actions compromise the security of the test content and are considered to be a violation of testing standards.
