

This quick guide provides brief instructions for the most commonly used features of the FSA systems: the Test Information Distribution Engine (<u>TIDE</u>), Test Delivery System (<u>TDS</u>), and Online Reporting System (<u>ORS</u>). The user roles that can perform each task are indicated in parentheses in each section.

- DAC = District Assessment Coordinator
- SAC = School Assessment Coordinator (CBT Coordinator role in TIDE)
- SA = School Administrator
- TA = Test Administrator

<u>TIDE</u>

District and School Assessment Coordinators use TIDE to add and manage user accounts and student information for the FSA assessments. This section provides a brief overview of the steps for adding user accounts and students. Complete information about TIDE is available in the *TIDE User Guide*.

Logging in to TIDE (DAC, SAC, SA, TA)

On the FSA portal (<u>www.FSAssessments.org</u>),

- Click a user card.
- Click the **TIDE card**.
- Enter your username and password and click **Sign In**. The TIDE homepage appears.

4
DE
Sign In

TIDE Login

Adding Individual Users to TIDE (DAC, SAC)

- Click the Manage Users tab.
- Click the Add User tab.
- From the **Role** drop-down list, select the user role you wish to assign.

Verify that the district and school are correct, and then add the user's first name, last name, and email address. Adding the phone number is optional.

The email address is the user's login for TIDE, the TA Interface, and ORS and cannot be edited later. Ensure that you enter it correctly.

• Click Add User.

Uploading Multiple Users to TIDE (DAC, SAC)

Retrieve the Upload File Template

- Click the Manage Users tab.
- Click the Upload Users tab.
- Download the Excel or CSV template. You will use this template file to compose the upload file.

Refer to the *TIDE User Guide* for information about the difference between the Excel (.xlsx) and CSV (.csv) file types and which one to use.

Contact Info

Entering User Information into the Upload File

 Each row represents one user. Populate each column of the spreadsheet, including the district ID, school ID, first name, last name, email address, role, and phone number. In the Action column, enter ADD to add or edit users or DELETE to delete users.

Users can use the ADD action to edit a large group of users' first names, last names, and/or phone numbers. Any edits to the district ID, school ID, email, or role will have to be made by deleting the user and re-adding them.

Uploading the User File

Select File to Upload

- Click **Browse** and navigate to the file that is saved on your computer. Click **OK**.
- Click Upload File to begin the process.

Preview the File

- Preview the first few records from the file to ensure that you selected the correct file and that the information is in the appropriate columns.
- Click Next.

File Validation

- TIDE validates the file to ensure there are no data or layout errors. For additional information, refer to the *TIDE User Guide*.
- If TIDE verifies that no errors exist, click **Submit**.

Adding Students to TIDE

Users can add students one at a time, as described in the <u>Add Individual Students to TIDE</u> section of this Quick Guide. Users can also add many students at one time, as described in the <u>Upload Multiple Students to TIDE</u> section of this Quick Guide.

Add Individual Students to TIDE (DAC, SAC)

- Click the Student Information tab.
- Click the Add Students tab.

Enter the student's information. The following fields are required:

- o School and District
- o Enrolled Grade
- o First and Last Names
- o SID
- o Birth Date (MMDDYYYY format)
- o Gender
- Race and Ethnicity
- Click Save.

Quick Guide for the Winter 2014 FSA ELA Writing Component Field Test

Test Delivery System (TDS)

TDS has two components. TAs use one component, the TA Interface, to create and manage test sessions. Students use the other component, the Student Interface in the secure browser, to access the testing site.

TA Interface: TA Login, Session Creation, and Student Approval (TA)

Educators Educators Image: Administrators School Assessment Coordinators Image: Assessment Coordinators

Portal: Test Administration Card

• Enter your username and password and click **Sign In**. The TA Interface appears.

On the FSA portal (www.FSAssessments.org),

Administrators screen appears.

Interface login screen appears.

Click the Test Administrators icon. The Test

Click the Test Administration card. The TA

TA Interface Login Page

Please Log In	
Username: Password:	Sign In

Start a Test Session

- Select Writing Field Test from the menu.
- Click Start Live Session.

TA Interface: Select Tests, Start Session

rt Live Session	🔎 Student Lookup	🚔 Print
Select the test(s) to be in	cluded in your test session.	
Sort By: Grade @	Subject 🔘	
Writing Field Test		^
		Ŧ

- The Session ID (e.g., Demo-11-333) appears at the top of the screen.
- Provide or display the Session ID to the students in your room. They will need this ID to log in to your test session.

As a security measure, Test Administrators are automatically logged out after 90 minutes of user inactivity <u>and</u> student inactivity in a test session. This will result in the test session being closed.

- Test Administrators should set up the session no more than 90 minutes before students begin to test.
- Test Administrators will not be logged out as long as students are actively testing.

 Have students log in to the Student Testing Site through the secure browser using their Username and First Name, which are found on their Test Ticket, and the Session ID, which the TA will display.

For more information about the student login process, see the <u>Student Interface: Sign-in, Verify</u> <u>Student Information, Select Test, Complete Test</u> section in this Quick Guide.

Approve Students for Testing

When students select tests, the **Approvals (#)** box in the upper-right corner of the TA Interface displays notifications.

- Click **Approvals** to view the list of students awaiting approval.
 - To review a student's test settings, click See/Edit Details in that student's row. If there is a problem with the students test settings, contact your school assessment coordinator.
- To approve students for testing, click **Approve All Students** in the top of the Approvals window.
- To deny a student for testing, click **Deny** and enter the reason in the box.

The **Approvals and Student Test Settings** window does not automatically refresh. Use the refresh button to update the table.

Monitoring Students

You can monitor student progress during testing. Students' test statuses appear in the **Students in Your Test Session** table.

- Statuses include the following: approved, started, in-progress, review, completed, submitted, and paused.
- The **Student Status** column indicates how many test items the student has answered out of the total number of items in the test.
- Click **Pause** to pause an individual student's test (e.g., if student needs to leave the room, fire drill).
- Click the binocular icon to view a student's full record, including test settings.

Stop a Test Session

When the time is up and all students have reviewed their writing, stop the test session and log out.

- Click **Stop Session** to end the session, which will also automatically pause any tests in your session that are still in progress.
- Click Log Out to exit the TA Interface.

Once you stop a session, you cannot resume it. If you stop a session and students need to continue testing, you must start a new session. See the *Test Administrator User Guide* for more information. TA Interface: Stop Session

Note: On Session 1/Day 1 of the Writing Field Test, students will **PAUSE** their test after responding to the first prompt. On Session 2/Day 2, TAs will start a new test session. Students will **Resume** their test, respond to the second prompt, click **END TEST** to review their writing, and then click **SUBMIT TEST**. Test Administrators will click **Stop Session** on both days after the test session is over.

Student Interface: Sign-in, Verify Student Information, Select Test, Complete Test (SA, TA)

Sign In

- The secure browser must be opened on each computer or device used for testing. The Student Login screen appears.
- Students must be given Test Tickets prior to testing. They will enter their Username and First Name, which are found on their Test Ticket, and the TA's Session ID, which the TA will display.

Common Login Errors:

- The Username or First Name is incorrect. This indicates that the Username or First Name do not match the information in TIDE. Use the Student Lookup button to confirm student information.
- The Session ID is not available. The Session ID entered is not an available test session. Verify that the Session ID was entered correctly or that the session did not time-out due to inactivity.

Verify Student Information

- After students log in, the Is This You? screen appears. Students will verify that the information on this screen is correct.
- Click **Yes** to continue.

Please Sign In

Save Test	1 Line Reader Button 0 P
 Pictures from vacation, spelling tests, a plumber's business card, a postcard from a relative, a dentist appointment reminder. What do all these things have in common? You might find all of them on your refrigerator door. Your refrigerator door can tell you more about your family than you might think. In 2012, scientists studied 32 families in Los Angeles. They found that most of these families had too much stuff. One easy way to tell if a family had too many things was to look at their refrigerator door. If there was a lot of clutter on the door, there was likely to be a lot of clutter in the house. 	The readings talked about clutter and being tidy. Write an essay in which you give your opinion: Is clutter sometimes okay, or should you always try to be neat? Use the information from the passages in your essay. Manage your time carefully so that you can e read the passages; e plan your essay; e write your essay; and e revise and edit your essay. Be sure to include an introduction; support for your opinion using information from the passages; and e a conclusion that is related to your opinion. Your writing should be in the form of a well-organized, multiparagrap Text Editing Tools Type your answer in the space provided. B I U I, III III = IIII A CONSTANT

Each test screen for the Writing Field Test has three major sections:

- Global Menu bar at the top (contains global tools and navigation buttons, as well the student help button)
- Test Passage to the left (displays the passage for the test session)
- Writing Prompt and Text Editor to the right (displays the writing prompt and instructions to be followed and a text editor in which to type the answer)

Global and Context Menus

The Global and Context Menus allow students to access on-screen tools. Students can also access these tools using keyboard shortcuts.

Global Menu

The Global Menu contains all the visible tools displayed at the top of the student's test screen.

Sample Global Menu

Context Menu

Tools such as **Tutorial** and **Mark for Review** are accessed using the context menu. You can find these tools in the right corner of the writing prompt and instructions or by right-clicking on the screen.

Test Elements

Elements include the passages, writing prompts, instructions, and text editor. The Context Menu options vary depending on the element type and tools available to students. For example, in <u>Figure 1</u> you can see that a **Highlight** selection option is available in the writing prompt/instructions element after selecting a section of text to highlight.

Figure 1: Highlight Selection Tool in the Writing Prompt/Instructions Element

General Test Tools

The following test tools and settings are available:

- Global Tools: Global tools are those that appear at the top of the screen in the banner.
- **Context Menu Tools:** These tools are specific to stimuli and items. You can access them by clicking the context menu icon or right-clicking in the stimulus, item, or response option areas.
- **Student Test Settings:** In the setting options, color choices and text size are available to students.

Global Tools and Buttons for the Writing Field Test

Global Tool	Description
Help button	Opens the Test Instructions and Help Guide pop-up window.
Zoom buttons	Increases and decreases the size of text and graphics within a single test page. Four levels of magnification are available.
Notes button	Opens an on-screen notepad. You can enter notes for yourself and save them. This tool is available for ELA Reading Component and ELA Writing Component tests.
Pause button	Pauses the test.
Navigation buttons	Moves between pages on a test, if applicable.
End Test button	Appears after you have answered all the test questions. Click this button to begin the process of submitting the test.

Context Menu Tools

Context Menu Tool	Description
Highlighter	Highlights a section of text in a passage or test question.
Highlight Selection	 To highlight text, select text on the screen, right-click with the mouse, and select Highlight Selection.
	• To remove highlighting from selected text, right-click on the highlighted text and select Reset Highlighting .
Mark for Review (Flag)	Open the context menu and click Mark for Review . The item is labeled "marked" in the Questions drop-down list.
Stimulus Expansion Tool	Some test pages have a passage or activity on the left side of the page. You can expand this section. Click the stimulus expansion tool to expand the left section so that it takes up most of the screen. To collapse the section, click the double arrow icon again.
Tutorial	Each item has a tutorial video that you can watch to learn more about responding to that type of item. To view the tutorial video, open the context menu and click Tutorial .

Student Test Settings

The following test settings are available to students.

Test Setting	Options*	Description
Color Choice	Black Text on White	Color combination applied to a student's test.
	Black Text on Blue	
	Black Text on Light Blue	This setting is designed to help students who experience difficulties associated with the contrast
	Black Text on Magenta	or lighting of the screen. The color combination a student chooses will remain throughout the entire
	Yellow Text on Blue	test.
	White Text on Black	
Print Size (Zoom level)	1X	Default print size for all stimuli and items in that
	1.5X	student's test.
	1.75X	
	2.5X	Regardless of the print size assigned, all students
	3X	between the five levels of print size for individual items.

*Default options are in bold

Online Reporting System (ORS) Quick Guide

The **Participation Report** and **Test Completion Rates** screens in the ORS help users determine which students have completed or need to complete online testing. Users can also check test completion rates by school, grade, or subject.

Logging in to ORS (DAC, SAC, SA, TA)

On the FSA Portal (<u>www.FSAssessments.org</u>),

- Click a user card.
- Click the Online Reporting System (ORS) button.

Enter your username and password, and click **Login**. The **Home** screen appears.

ORS Card

Online Reporting

System (ORS)

Participation Report

You can generate customized participation reports showing your students' online testing activity. This can help determine which students have completed testing and which students have yet to begin or complete a test opportunity.

Generating a Participation Report (DAC, SAC, SA, TA)

Go to the Participation Report screen.

To navigate here, select **Participation Report** from the **Reports & Files** drop-down list.

- From the **Step 1: Choose What** section, select the tests and variables used to generate the basic parameters for the report.
- From the **Step 2: Choose Who** section, select the district and school to be included in the report.
- From the **Step 3: Get Specific** section, select the required report filter and parameters.
- Click **Generate Report** to view the report on the screen. Alternatively, click **Export Report** to open the report in Microsoft Excel.

Note: The information displayed reflects the data that are current at the time you click **Generate Report**. To update information in your report, you must generate a new report. Do NOT use your web browser's *Refresh* button.

Selecting the Parameters for Your Report

Step 1: Choose What

Select the test name and variables that should be used to generate the basic parameters for the report.

- Test: This will default to FSA Writing Field Test.
- Administration: This will default to Winter 2014.
- Test Name: Select a test name (e.g., Grade 8 FSA ELA Writing Field Test).
- Enrolled Grade: Select a single grade or all grades (the default variable is set to "All" grades).

Participation Report Screen

Step 2: Choose Who

Select which district and school should be included in the report.

• **District/School:** For most users, the district or school you are associated with will already be preselected in the drop-down lists. Verify that this information is accurate. For users with access to multiple schools, make a selection for each.

Step 3: Get Specific

Select the report filter option that best matches your needs. Three report filter options are available. Each filter will generate a report containing students whose information matches the parameters you have selected.

- Students who [have/have not] [completed/started] the test in the selected administration. This filter allows you to:
 - o Determine which students have or have not completed testing.
 - Determine which students have or have not started testing.
- Students have a status of [student test status] in the selected administration.
 - This filter allows you to determine which students have a specified test status for the selected test. For a list of test statuses and their definitions, refer to the <u>Test Status</u> table on the next page or click [Definitions] on the Participation Report page.
- Students whose more recent [Session ID/TA Name] was [enter session ID or name] between [start date] and [end date].
 - This filter allows you to search for students who were in a specific session and view their current test status.
 - To view this report, enter the Test Administrator's Session ID or enter the Test Administrator's name, and then select a Session ID associated with the TA. You will also have to click the calendar icons to select the timeframe.
 - This report will return the most recent participation data for students who have taken the selected test. The Session ID and TA name fields are optional. You can leave these fields blank and simply search for participation information within a particular date range. If the Session ID or TA name is not specified, you will be limited to a date range search of 15 days.

Understanding Your Participation Report

Upon clicking [Generate Report], the participation report displays data based on your selected parameters. Each report includes a list of all students who meet our selected parameters. If no students are listed, this means that no students matched your report criteria.

Sample Participation Report:

Participat	ion Report						
School:	Demo School (99-	1234)					
Test:	FSA ELA/Mathema	atics					
Test Name:	FSA Mathematics	Grade 5					
Administration:	Spring 2015

Participation Report Tools

- To view all the data in each column, you will need to use the horizontal scroll bar at the bottom of the report or use the **Show/Hide Columns** tool () to select only the columns you wish to view.
- You may sort data in any column by clicking the header. The default sort is by Student Name in ascending order of last name.
- Click the **Definitions** button (Definitions) to view information about each column's attributes and other definitions relevant to your report.
- Click the Print button (Print) to print your Participation Report. Note: Set your print options to landscape mode (horizontal) to accommodate the numerous columns.

Status	Definitions
Approved	The TA has approved the student for the session but the student has not yet started or resumed the test.
Completed	The student has submitted the test for scoring. No additional action can be taken by the student.
Paused	 The student's test is currently paused as a result of one of the following: The student paused his or her test by clicking the Pause button. The Test Administrator paused the session.

Test Status Definitions Table

Status	Definitions
	$_{\odot}$ The Test Administrator paused the individual student's test.
	$_{\odot}$ The student's browser or computer shut down or crashed.
Started	The student has started the test and is actively testing.

Exporting Participation Data into Excel

To export participation results to an Excel file, click **Export Report** from the Participation Reports filter page. A pop-up window will appear asking if you would like to open or save your file. You can open the file and work with it immediately, or you can save it to your computer and open it to examine the data later.

The Export Report data will be exported as a Microsoft Excel (.xls) file. Exporting data for large groups such as an entire school may take some time depending on the amount of data involved.

Generating a Test Completion Rates Report (DAC, SAC, SA)

You can create a report that shows the number of students who have started and completed each test and that also shows information about the number of students associated with a selected entity. You can view this report in Microsoft Excel.

- From the **Reports and Files** drop-down list, select Test Completion Rates. The **Test Completion Rates** screen appears.
- From the **Report** drop-down list, select the report you want to generate. The reports available depend on your user role.
- From the school/district drop-down lists that are displayed based on the selected report, specify the district or school which should be included in the report. (For most users, ORS pre-selects the school/district.)
- Select the test name to include in the report (e.g., Grade 8 FSA ELA Writing Field Test).
- Click **Export Report** to download or open the report in Microsoft Excel.

Selecting the Parameters for Your Test Completion Rates Report:

- 1. **Report:** Select a report type. Your selection will result in prepopulating options for the next parameter.
 - District Test Completion Rates: View data for a district.
 - School Test Completion Rates: View data for a school.
- 2. District/School: Select a district or school (the options depend on the report type selected above).
- 3. Test Name: Select a single test or all tests.
- 4. Click **Export Report**. A dialog window will appear prompting you to open or save the file. The generated file is a Microsoft Excel (.xls) file.
