Administration Procedures

NOTE: THIS MATERIAL DOES NOT COVER EVERY ASPECT OF THE FALL 2014 FLORIDA NGSSS EOC ADMINISTRATIONS; IT HIGHLIGHTS PROCEDURES THAT ARE SPECIFIC TO THE TEST ADMINISTRATIONS IN MIAMI-DADE COUNTY PUBLIC SCHOOLS. SCHOOL ASSESSMENT COORDINATORS ARE RESPONSIBLE FOR FOLLOWING THE ADMINISTRATION PROCEDURES SPECIFIED IN THE TEST ADMINISTRATION MANUAL.

FALL 2014 FLORIDA NGSSS EOC ASSESSMENTS

The Fall 2014 Florida NGSSS Algebra 1, Biology 1, Civics, Geometry, and US History EOC Assessments will be administered at K-8 center, middle schools, senior high schools, alternative centers, and adult centers to eligible students on September 15-26, 2014. **Note that the tests may be administered in any order, by school, based on the needs of students within a school. One subject does not need to be completed before another begins, and subject tests may be administered concurrently. Additionally, testing must begin on the first day of the testing window and testing should be completed within the least number of days possible, but must be completed by the last date noted below.**

NGSSS EOC Assessments	Testing Dates	Duration
Algebra 1, Biology 1, Civics, Geometry, and US History	September 15-26	160 minutes each*

*Students may be dismissed from testing room at the 10-minute break as they complete testing. Any student not finished by the end of the allotted time may continue working; however, testing must be completed within the same school day.

The NGSSS Algebra 1, Biology 1, Civics, Geometry, and US History EOC are Computer-Based Tests (CBT), and all eligible students will be participating using the CBT platforms. Note that EOC paper-based administrations will be available for ESE or Section 504 plan students as documented on an IEP or Section 504 plan and accommodated CBT test forms (Large Print, Color Contrast, Zoom, Screen Reader, and Assistive Devices) are available via TestHear for all EOC assessments during this administration.

All eligible students must complete a practice session for the specific test(s) they are scheduled to take (Algebra 1, Biology 1, Civics, Geometry, and US History) prior to the administration of the operational test(s). Students who have previously participated in an ePAT for the grade level/subject test they will take are NOT required to participate in an ePAT session for this administration; however, these students should be encouraged to access the ePAT and practice on their own.

NGSSS EOC ASSESSMENTS REGISTRATION

For the Fall 2014 administration of the NGSSS EOC Assessments, currently enrolled students are not required to pre-register to take the test. School staff is responsible for identifying their enrolled students who need to participate in the EOC test administration, notifying them about the test, and assigning them to testing rooms.

All other test takers (Credit Acceleration Program (CAP) and Adult Education students) must pre-register to participate in the Fall 2014 NGSSS EOC Assessments administration to ensure that sufficient materials and proctors are available for the test administration.

Pre-registration is critical because it facilitates:

- confirming students' eligibility to participate in the test administration (current enrollment and test sections needed);
- ensuring that students are informed about the test dates and the scheduling of test sessions;
- ensuring that students will have appropriate ID for the test session;
- ensuring that sufficient test administrators and proctors are scheduled;
- ensuring that sufficient test materials are available to meet the testing needs of pre-registered students;
- ensuring that students are advised that they may only test at one location during each testing window;
- assigning students to testing rooms and generating rosters of students to be tested; and
- maintaining test security.

The *Miami-Dade County Public Schools FCAT 2.0 Retake and End-of-Course (EOC) Registration Form (FM-7276)*, provided in Attachment A, can be used for student registration. This form may be obtained electronically from Records and Forms Management (<http://forms.dadeschools.net/search.asp>) and may be duplicated as needed. Please note that students are required to show valid picture identification at registration and again at the entrance to testing. Students should be informed of the test format (computer-based administration) at the time of registration, and should be given information regarding the computer-based testing practice test (ePat).

Adult education centers must test any of their enrolled students who need to take the

respective EOC Assessment and are NOT enrolled in a senior high school during day school.

ADMISSION OF STUDENTS TO TESTING

Each test administrator must have a list of those students who are assigned to test in his/her room for each session. The list must have the student's name and Florida identification number. Student's photo identification must be checked before unfamiliar students are admitted to a testing room. Only those students who are on the pre-assigned list for a testing room and who have photo identification may be admitted to a test session.

Tardy students are **not** to be admitted to a testing room once the session has started and instructions have been given. They must be rescheduled for a make-up session. Note, "walk in" or unregistered students are **not** to be admitted to a test session. They may only be assigned to a waiting list.

ROLES AND RESPONSIBILITIES FOR IMPLEMENTING THE FLORIDA EOC ASSESSMENT PROGRAM AT SCHOOL SITES

School administrators, teachers, and other school staff shall all be made aware of their professional obligations with regard to testing programs. The roles and responsibilities of the principal, school assessment coordinator (test chairperson), technology coordinator, test administrator, and proctor in the implementation of assessment programs are described below.

Principal

The principal is responsible for ensuring that tests are administered in accordance with professional test administration procedures, as outlined in the administration manuals, program guides, and training materials provided by the test publishers, the state, and/or the district, and for ensuring that any violations of test administration and/or security procedures are reported appropriately and in a timely manner. The principal designates a school assessment coordinator and ensures that the school assessment coordinator attends all mandatory district training sessions and follows established procedures. Although the principal may delegate the coordination of specific testing programs to the school assessment coordinator or another designee, the ultimate responsibility for maintaining the integrity of the test administration rests with the principal. The principal must submit a *School Procedural Checklist (FM-6927)* (Attachment B) at the conclusion of each testing program, to certify that the test administration was conducted in accordance with the district's established guidelines and procedures.

School Assessment Coordinator

The school assessment coordinator is responsible for organizing and monitoring testing programs at the school level in accordance with the procedures outlined for each program. Primary responsibilities include: attending district training sessions; planning and implementing test administrations; training test administrators and proctors; arranging for testing locations; verifying receipt of test materials; verifying and managing student information; scheduling students into test sessions and classes; organizing and distributing materials to the test administrators; printing Student Authorization Tickets and Session Rosters; maintaining the security of test materials in the schools; supervising test administration; caching the test sessions in PearsonAccess; starting and stopping test sessions, resuming students, scheduling make-up sessions, invalidating tests, and recording accommodations used by the students; maintaining all required records and documentation; returning test materials for scoring; maintaining the confidentiality of student test records; and completing the School Assessment Coordinator Checklist as stated in the *2013-2014 Florida End-of-Course (EOC) Assessments Testing Administration Manual (EOC TAM, Appendix D)*.

Technology Coordinator

The technology coordinator is responsible for assisting the school assessment coordinator in the implementation of the computer-based test administration. The 2013-2014 *Technology Coordinator Guide* (http://www.pearsonaccess.com/cs/Satellite?c=Page&childpagename=Florida%2FfIPAL_PLayout&cid=1205461226841&p=1205461226841&pagename=fIPALPWrapper&resourcecategory=Additional+Resources) provides instructions and information that technology coordinators will need to prepare schools for computer-based testing. The technology coordinator is responsible for reading and becoming familiar with all of the information in this guide prior to each test administration. Primary responsibilities include: ensuring that all computers meet the minimum system requirements; downloading and installing test content on a proctor cache computer and student workstations; configuring browser settings; assisting test administration staff during the administration sessions to assist with any technical difficulties that may develop; monitoring system usage during the administration; and completing the Technology Coordinator Checklist as stated in the *2013-2014 Florida End-of-Course (EOC) Assessments Testing Administration Manual (EOC TAM, Appendix D)*. At the conclusion of testing, the technology coordinator must purge test content from the proctor caching computer(s).

Test Administrator

The test administrator is responsible for directing and conducting student testing sessions, as specified in the test administration manual and training packet. Only certificated administrative and instructional employees (e.g., teachers, counselors, media specialists) who have received appropriate training for a particular test may serve as test administrators. Primary responsibilities include: attending required training

sessions; establishing appropriate conditions in the testing room that include installing visual barriers for computer-based testing; distributing and returning student test materials including Student Authorization Tickets, CBT Work Folders, CBT Worksheets, Reference Sheets, Periodic Table of Elements, and Session Rosters for computer-based testing; accounting for all assigned materials; strictly adhering to test scripts and directions; actively monitoring students during the testing session and resuming students on the computer, if applicable; following security procedures to ensure a standard administration; and completing the Test Administrator Checklist as stated in the *2013-2014 Florida End-of-Course (EOC) Assessments Testing Administration Manual (EOC TAM, Appendix D)*.

Proctor

The proctor is responsible for actively monitoring the testing session and for assisting the test administrator in managing the session and maintaining test security. Administrative, instructional, non-instructional, and paraprofessional employees who have received appropriate training for a particular test may serve as proctors. However, non-certificated employees may only assist in distributing and collecting student test materials under the direct supervision of a certificated test administrator, and may not administer the test, read test scripts, or have sole responsibility for the test materials. In addition, parents or other community volunteers who are trained in proctoring and test security may serve as test proctors, but **proctors who are not employees may not handle any test materials or be left alone with students or test materials at any time.** Note that proctors may not be assigned to proctor in a family member's classroom or at the same grade level as the family member.

Relief Staff

Relief staff who may serve in classrooms in the temporary absence of the regular test administrator or proctor must meet all of the requirements specified for the applicable role, and must have received appropriate training related to test administration and test security procedures.

ASSIGNMENT AND TRAINING OF TEST ADMINISTRATORS AND PROCTORS

Who may serve as test administrators? Certified instructional staff (e.g., teachers, guidance counselors, media specialists) who have received appropriate training related to procedures for administering the EOC assessments, and the test security procedures may serve as test administrators.

Who may serve as proctors? Instructional, non-instructional, and paraprofessional employees who have received appropriate training related to procedures for proctoring the EOC assessments, and the test security procedures may serve as proctors.

Required Ratio for EOC Assessments Administration

	Ratio*
Paper-Based	1:30
Computer-Based	1:25

*Adult (proctor or test administrator) to student ratio.

Use of Non-School Personnel as Proctors

Non-school system personnel may be used to assist test administrators during test administration. However, they may not participate in any of the test administration procedures.

- Non-school system personnel may not handle or distribute secure test materials;
- Non-school system personnel may not hand-grid student answer documents;
- Non-school system personnel may not answer student questions.

Non-school system personnel may be used only as an “extra set of eyes” to assist test administrators in monitoring test administration and to assist in maintaining an atmosphere that provides students with optimal testing conditions. Parents may not be placed in rooms in which members of their families are being tested. Volunteers and tutors who work with specific students must not be placed in rooms in which students with whom they work are being tested. M-DCPS students may not serve as classroom volunteers in any capacity during testing. Volunteers must sign the *Volunteer Responsibilities while assisting with the Florida End-of-Course Assessments* (Attachment C) and the *Florida EOC Test Administration and Security Agreement* (EOC TAM, Appendix D).

All test administrators and proctors must be informed of their duties and all applicable security procedures and policies. The attached document, *Test Administrators’ Responsibilities: Maintaining Test Security Before, During, and After the Florida EOC Assessments* (Attachment D) is provided for use in training test administrators and proctors in maintaining test security.

DISTRICT MONITORING OF FLORIDA NGSSS EOC ASSESSMENTS ADMINISTRATIONS

In order to ensure that the NGSSS EOC assessments are administered in accordance with the required procedures regarding uniformity and security, district staff will visit randomly selected school sites on test and/or make up dates, as well as during the time period in which materials are stored at the schools.

Activities to be monitored include: the storage location of testing materials; procedures used to distribute/collect materials to and from test administrators and students; procedures used to admit students to testing rooms; and adherence to directions for

administering the EOC assessments.

The person assigned to monitor your school will need to speak to the school assessment coordinator, may sit in on a testing session, and will also have to be shown different areas of your school to make observations. These activities will not interfere with your school's testing schedule.

GENERATING STUDENT LISTS

Eligible students to test for the Fall 2014 NGSSS EOC Assessments include students that are currently enrolled or completed an eligible course during the summer, and have not yet tested for the respective EOC assessment and students who failed the Algebra 1 EOC, required for graduation. In addition, students in the credit acceleration program (CAP) wishing to "test for credit" may also take any of the EOC assessments. The EOC assessments are computer-based test (CBT) only; accommodated CBT forms are available as noted on the student's IEP or Section 504 plan.

PREPARING ANSWER DOCUMENTS AND PREIDENTIFIED STUDENT LABELS

PreID file will be based on students enrolled at the schools as of **August 28, 2014**. Due to the timing of the Fall 2014 NGSSS EOC administration and its proximity to the Summer 2014 NGSSS EOC test administration, the PreID upload will only be used to enter CBT students into the system. Students who need paper-based accommodations will not be included in the PreID upload but a separate order will be placed for these students by the district. Therefore, PreID labels and a PreID roster will NOT be produced for students with paper-based accommodations. Student's demographic information must be hand-gridded for paper-based tests according to the directions in the *2013-2014 Florida End-of-Course (EOC) Assessments Testing Administration Manual*.

Please note that students using paper test documents should not be listed as taking a CBT in PearsonAccess. Eligible paper-based accommodations include: regular print, Large Print, and Contracted and Uncontracted Braille. Note that Large Print on paper is considered a Unique Accommodation and prior approval by the Florida Department of Education is required.

SCHEDULING STUDENTS INTO CLASSES AND SESSIONS

For the NGSSS EOC administrations, all eligible schools will have pre-identified student information available online for students that were enrolled in in one of the eligible courses during the summer or who failed the Algebra 1 NGSSS EOC test. Verify the information in Pearson against the school generated list. If the Student Name or Student Florida ID Number is incorrect in PearsonAccess, student(s) must be deleted

and reentered with the correct information (EOC TAM, pages 104-107).

Schools should add any new students and are eligible based on the students to be tested requirements (EOC TAM, pages 3-7).

Schools that need to manually add students who are eligible to be tested and were not included in the PreID file, may use the *M-DCPS FCAT/FCAT 2.0 Retake and End-of-Course (EOC) Registration Form* (Attachment A) to collect student registration information. Students must be added to the PearsonAccess operational BLUE site only according to directions in the *2013-2014 Florida End-of-Course (EOC) Assessments Testing Administration Manual*.

PREPARING CBT TEST SESSIONS AND PRINTING STUDENT AUTHORIZATION TICKETS AND SESSION ROSTERS

Computer-based testing activities including scheduling students and test sessions may be managed in PearsonAccess starting **September 8, 2014** once the PreID file has been uploaded.

School assessment coordinators will view and verify student information using the online session rosters for CBT administrations. In addition, school assessment coordinators must create test sessions in PearsonAccess and maintain a list of all test sessions. The technology coordinator must configure browser settings for the Proctor Cache computer to allow the school assessment coordinators to cache test content for all test sessions. The school assessment coordinator must also ensure that the Proctor Cache computer is turned on and running for these sessions prior to beginning the test session each day of testing.

School assessment coordinators will print Student Authorization Tickets (see sample Attachment E) for every student which will enable the student to log into a test. Each authorization ticket is a secure test document which contains the TestNav URL, the student's unique Login ID, and a test code (password). The school assessment coordinators must also print Session Rosters (see Attachment E) (list of students tested in the same test session) which may be used to collect the required administration information. **The tickets and rosters are secure documents and must be placed in a secure limited access location.**

SPECIAL PROGRAM STUDENTS

Students from special programs (**Florida Home Education Program** (FHEP 13/9998), **Miami-Dade Online Academy** (M-DOA 13/7001), and **Florida Virtual School Full-Time** (FLVSFT 71/0300 Middle School and 71/0400 High School) will test at their assigned school for the Fall 2014 NGSSS EOC administrations.

All FHEP and M-DOA students who are eligible for any of the NGSSS EOC assessments will be set up in PearsonAccess by District staff. All FHEP and M-DOA students will be placed in district-created test sessions at the assigned schools. The test sessions will be named: **DISTRICT ALG** for the Algebra 1 Test Session, **DISTRICT BIO** for the Biology 1 Test Session, **DISTRICT CIV** for the Civics Test Session, **DISTRICT GEO** for the Geometry Test Session, and/or **DISTRICT HIS** for the US History Test Sessions. FHEP and M-DOA students may be moved out of the district-assigned sessions and managed along with all other students.

Full-time FLVS students will be handled differently. They will be set up in PearsonAccess by FLVS Full-Time Program Staff. The Student Authorization Tickets for the FLVS students assigned to your school will be sent via email to the principal and the school assessment coordinator will be copied. The Student Authorization Tickets will need to be printed. Students will use the provided ticket with the unique Login ID and test code (password) to log into TestNav from their assigned school.

School assessment coordinators will need to assign a testing room and distribute test materials and Student Authorization Tickets to registered FHEP, M-DOA, and/or FLVSFT students. Please note that Student Authorization Tickets are secure documents and must be kept in a locked, limited access location as with any secure test documents.

Please note: If a FHEP or M-DOA student is disconnected during a computer-based test administration, the school assessment coordinators may resume the student, as needed. On the other hand, if a FLVSFT student is disconnected during a computer-based test administration, the school assessment coordinators must contact FLVS staff for assistance. FLVS contact information is printed on the Student Authorization Tickets. Please have the student's first and last name to enable FLVS staff to resume a student's test.

REQUESTING ADDITIONAL TEST MATERIALS

Schools will be receiving test materials based on the number of eligible students enrolled at the school as of **August 28, 2014**.

Comet Delivery Services will deliver CBT Work Folders and paper tests for eligible students (as applicable), to K-8 centers, middle schools, and senior high schools on **September 8-10, 2014**. Schools will need to receive and securely store these materials. If any additional materials are needed, contact the Test Distribution Center (TDC) at 305-995-3743.

Adult education centers may pick-up test materials at TDC, 13135 SW 26 Street, Miami, Florida, on September 8-10, 2014, between the hours of 7:30 a.m. and 3:00 p.m.

MATERIALS PROCEDURES

School assessment coordinators are to follow all materials handling procedures specified in the *2013-2014 Florida End-of-Course (EOC) Assessments Testing Administration Manual* to ensure that the security of the test materials is maintained. In addition, procedures specific to Miami-Dade County Public Schools are set forth below.

- When the EOC test materials are received, immediately **verify the counts** and sequence numbers of materials received against the packing slip or ***EOC Administration Record/Security Checklists*** (available online at www.PearsonAccess.com/fl, using the school assessment coordinator's unique username and password).
- Call **Student Assessment and Educational Testing (SAET) at 305-995-7520** immediately, if there are any irregularities or discrepancies in your shipments or if you need additional materials.

- **Shrink-wrapped packages of secure materials (paper test materials) may be opened no sooner than three (3) days prior to the scheduled NGSSS EOC testing date for each subtest, NO EARLIER.**
- Only the school test coordinator and persons designated by the school site administrator may prepare test materials. All handling, including affixing of labels and hand-gridding, must be done in a limited-access area. **Schools may complete a *District-Level Certification Form* for approval in cases in which a non-certified school employee will assist the school assessment coordinator in handling secure materials for statewide assessments.** Students are **not** permitted to assist in this process or to handle test materials before or after testing.
- All test materials, including Student Authorization Tickets, Session Rosters, CBT Work Folders, CBT Worksheets, Reference Sheets, Periodic Table of Elements, and approved calculators **must** be placed in locked storage immediately and remain there until the test date.
- Secure test materials must be stored in a locked location with strictly limited access (3 or fewer keys). Strict accounting of the keys to the secure location must be maintained; limited to the principal, assistant principal, and/or school assessment coordinator. No master key should open the storage area.
- The use of seating charts or recording of specific seat assignments is **required** for paper-based and computer-based testing in all rooms, including make-up

sessions. A sample seating chart is provided as Attachment F.

NGSSS EOC MATERIALS RETURN TO THE TEST DISTRIBUTION CENTER

The “*Friendly Reminder*” (Attachment G) provides a quick reference guide for packing and returning your NGSSS EOC paper test materials. School assessment coordinators are encouraged to review this document to assist with the process of packing and returning of materials.

For the Fall 2014 Florida NGSSS EOC Assessment test administration, all schools are to hand-deliver “**To Be Scored**” materials and “**Not To Be Scored**” materials (if applicable), and the “**District Assessment Coordinator Only**” Box, including materials for visually impaired students and VI calculators (Adult Centers also return approved calculators) to the Test Distribution Center (TDC), 13135 S.W. 26th Street, Miami, FL **by 3:00 p.m. as noted in the Friendly Reminder (Attachment G).**

CBT Materials Return

The Session Rosters, Chain of Custody Form (PBT only), seating charts, Security Logs, CBT Work Folders (used and unused), CBT Worksheets (used and unused), Reference Sheets (used), Periodic Table of Elements (used), and School Procedural Checklist (FM-6927) will be returned in the District Assessment Coordinator Only Box for all NGSSS EOC assessments.

The Student Authorization Tickets, signed *EOC Administration and Security Agreement Forms*, and signed *Test Administrator Prohibited Activities Agreement Forms* will remain at the schools for one calendar school year. The *2013-2014 Florida EOC Assessments Test Administration Manuals* must be retained until all scores for students tested are verified, and then the manuals may be discarded/recycled.

Hand-held Scientific calculators and headset adaptors (splitters), if provided by the FLDOE for the Geometry TestHear accommodated forms and paper-based administrations must be returned back to the TDC in the manila envelope.

STATE AND DISTRICT REQUIRED FORMS

The following district and state forms must be completed. **Keep copies of each at your school site for a minimum of one calendar year after the test results have been released.**

- The *Administration Record / Security Checklist* (sample provided, Appendix D in EOC TAM) must be used to capture all required administration information and maintain a list of the number of documents and range of security numbers assigned to each test administrator for every day of testing. The Fall 2014

NGSSS EOC Administration Record/Security Checklist will be available in Excel format from www.PearsonAccess.com/fl. The test administrators must sign for receipt of the test materials when issued; the school assessment coordinators must sign for receipt of materials upon their return after testing.

- The *Test Materials Chain of Custody Form* must be maintained to document that **paper-based test materials** are secured and accounted for at all times (Appendix D in EOC TAM).
- The *Session Rosters* (see Sample Attachment E) must be used to capture all required administration information for the CBT administrations. The Session Rosters are available at www.PearsonAccess.com/fl for each test session.
- The *EOC Administration and Security Agreement* must be read and signed by district and school staff certifying that test administration and security procedures will be followed as outlined in the Florida Test Security Statute and Rule (Appendix D in EOC TAM).

The form must be submitted to Student Assessment and Educational Testing for approval by the established deadline.
- The *Security Log* must be completed during testing by personnel (test administrators, proctors, relief staff, etc.) assigned to monitor a testing room for any length of time (Appendix D in EOC TAM).
- Attendance rosters, seating charts, and test group codes define groups tested together and help to maintain a record of student room assignments. Test group codes must be used for **all testing groups for the Fall 2014 NGSSS EOC test administrations**. Additionally, the use of seating charts or recording of specific seat assignments is **required** for all testing rooms. A sample seating chart is provided as Attachment F.
- After the conclusion of the test administration, the school assessment coordinator and principal must complete the *Miami-Dade County Public Schools School Procedural Checklist* (FM-6927) (Attachment B), certifying that the test administration was supervised by the school principal in accordance with the District's established guidelines and procedures.

In order to participate in the Fall 2014 the **Florida NGSSS Algebra 1, Biology 1, Civics, Geometry, and US History EOC Assessments** administrations, parents and guardians of **Florida Home Education Program (FHEP)** students must contact the test chairperson at the school where the student will take the assessments, no later than **September 8, 2014** for the **Florida NGSSS Algebra 1, Biology 1, Civics, Geometry, and US History EOC Assessments**.
2. For the EOC Assessments, assignment of specific testing date/make-ups is at the school's discretion. Parents will contact the test chairperson at the assigned school to request a date, time, and instructions for testing.
3. To facilitate distribution of the results, parents of FHEP students were directed to provide the Office of Home Education with a self-addressed, stamped, legal-sized envelope for each participating FHEP student. If any parents bring envelopes to your school, please ensure that the students' names are clearly marked on the envelopes and forward them to:

Scheduling FHEP Students for Computer-Based Testing

4. Eligible grades 6-12 FHEP students will take the CBT version of the NGSSS EOC Assessments.
5. Students from the FHEP will test at their assigned school for the NGSSS EOC Assessments administrations. All FHEP students will be set up in PearsonAccess by District staff and placed in a test session called **DISTRICT ALG, DISTRICT BIO, DISTRICT CIV, DISTRICT GEO, and DISTRICT HIS** for the EOC Assessments administrations, as applicable. School assessment coordinators will be able to print Student Authorization Tickets for the students and resume students, if needed. They will also be able to START and STOP the test session(s). Note that the Student Authorization tickets are secure documents and must be kept in a locked, limited access location along with all secure test documents.
6. Student Authorization Tickets must be provided to the appropriate FHEP student.
7. School assessment coordinators will need to assign a testing room and distribute Student Authorization Tickets, CBT Work Folders, CBT Worksheets (Optional), reference sheets, periodic tables, and approved calculators, as applicable to

registered students taking the computer-based tests. Students will use their Authorization Ticket with the unique Login ID and test code (password) to log into TestNav from their assigned school.

8. **At the conclusion of testing, as applicable, forward a list of all accommodations actually used by FHEP (13/9998) students tested at your school, to be entered to the student's record in PearsonAccess by District staff. Please email the list of students and accommodations used to mugando@dadeschools.net by September 25, 2014 for all NGSSS EOC CBT tests.**

Identifying FHEP Students Tested at Your School Site

9. At the end of each testing window, school assessment coordinators will submit a report of the testing status of each FHEP student assigned to test at their school site, indicating: **tested**, **absent** or **invalidated** for each EOC. The original list with attendance information may be faxed to Student Assessment and Educational Testing at 305-995-7522 or sent via email to mugando@dadeschools.net.

FHEP Individual Student Reports

10. If **all** of the above procedures are followed, FHEP Individual Student Reports will be sent directly to the Home Education Office for distribution and these students' scores will not be included in your school summary report.

For the Fall 2014 NGSSS EOC administrations, parents and guardians of Florida Virtual Program students will receive notification from the Florida Virtual Program Office advising them of the designated testing location. Student Assessment and Educational Testing (SAET) will notify these designated schools so that preparations can be made for these students.

Scheduling FLVSFT Students for Computer-Based Testing

2. Eligible grades 6-12 FLVSFT students will take the CBT version of the NGSSS EOC Assessments.
3. Students from the Florida Virtual School Program will test at their assigned school for the NGSSS EOC Assessments administrations. FLVS students will be set up in PearsonAccess by FLVS staff. Student Authorization Tickets for these students will be sent via email to principals and school assessment coordinators at selected schools. **These are secure documents and must be kept in a locked, limited access location along with all secure test materials.**
4. Student Authorization Tickets must be printed and provided to the appropriate FLVSFT student.
5. School assessment coordinators will need to assign a testing room and distribute Student Authorization Tickets, CBT Work Folders, CBT Worksheets (Optional), reference sheets, periodic tables, and approved calculators, as applicable to registered students taking the computer-based tests. Students will use their Student Authorization Ticket with the unique Login ID and test code (password) to log into TestNav from their assigned school.
6. **Please note if a FLVSFT student is disconnected from the computer-based test session, the school assessment coordinator must contact the FLVS Office for assistance (see Student Authorization Ticket for contact number). The district superintendent of schools shall cooperate with the Commissioner of Education in any investigation concerning the administration of a test administered pursuant to state statute or rule.

Non-school system personnel may be used to assist test administrators during test administration. However, they may not participate in any of the test administration procedures.

- Non-school system personnel may not handle or distribute secure test materials;
- Non-school system personnel may not hand-grid student answer documents;
- Non-school system personnel may not answer student questions.
- Parents may not be placed in rooms in which members of their families are being tested.
- Volunteers and tutors who work with specific students must not be placed in rooms in which students with whom they work are being tested.
- M-DCPS students may not serve as classroom volunteers in any capacity during testing.

Non-school system personnel may be used only as an "extra set of eyes" to assist test administrators in monitoring test administration and to assist in maintaining an atmosphere that provides students with optimal testing conditions. Prior to testing, all volunteers must be informed of their duties and the appropriate test security procedures for monitoring the test sessions. Volunteers must also be informed of the test security laws and rules prohibiting any activities that may threaten the integrity of the test. TEST ADMINISTRATORS' RESPONSIBILITIES MAINTAINING TEST SECURITY BEFORE, DURING, AND AFTER THE FLORIDA NGSSS EOC ASSESSMENTS ADMINISTRATION

This material does not cover every aspect of the NGSSS EOC Assessments administration. Rather, it highlights procedures to be followed in order to maintain test security during a testing session. Persons serving as test administrators or proctors for the NGSSS EOC Assessments **must** attend a training session conducted at their school or center and must review the *2013-2014 Florida EOC Assessments Test Administration Manual* and the District's *Standards, Guidelines, and Procedures for Test Administration and Test Security*. **Test irregularities must be reported immediately to a school administrator.**

Preparing for the Assessment

1. Test administrators and proctors **must** be familiar with the test security procedures and administration directions prior to the actual test administration. Each test administrator **must** be provided with a test manual containing the security procedures, the administration directions, and the script to be read to students. Test administrators **must use the manual** to administer the test.
2. Test administrators and/or proctors **must not** have access to the test booklets until the day of testing.
3. For paper-based administrations, there **must** be one adult (test administrator) for every 30 students. Note for computer-based tests (CBT) the ratio of student per adult is smaller (i.e. 25 students / 1 test administrator).
4. Test administrators **must not** look at or review any test content (i.e., prompt, passages, test items, mathematics problems, etc.) before, during, or after the test session.
5. The test booklet **must not** be opened or the seal broken (if seal is present) before testing begins.
6. All classroom materials that might provide clues to students (e.g., maps, math formulas, word walls, multiplication charts) **must** be removed from the test room, or covered, prior to testing.
7. Test materials **must** be readily available, inventoried, and organized for easy test administration. Test administrators **must** ensure that they have sufficient materials to test their assigned students.

8. Seating should be adequately arranged and spaced to discourage cheating. The use of seating charts to plan and record student seat assignments **is required**. All seating charts must indicate the front and back of the room, as well as the direction the students are facing. The seating should reflect the actual seating assignments for each student in the classroom.
9. For a CBT test session, ensure that all software applications, including Internet browsers, are closed on all student workstations before the test session begins.

****Students should be discouraged from bringing any materials into the classroom other than pencils and erasers. All materials must be placed under the students' desks during testing. Specifically, possession of all electronic devices, including telephones, pagers, electronic translators, organizers, etc., is a cause for invalidation. Any such devices must be turned off and stored out of "arm's reach" during testing. Approved four-function and scientific calculators are the only devices students may use during the test. The test administrators, proctors, and school staff must also turn off and put away all electronic devices.***

Conducting the Assessment

10. Test administrators and/or proctors **must** have a roster of students assigned to their room for the test administration. Test administrators and/or proctors **must not** admit students into the testing room unless their names are on the roster of students for that room. The test administrator or proctor **will** check unfamiliar student photo identification (e.g., driver's license or school identification) as students enter and exit the testing room.
11. The test administrator will take roll on each day of testing by writing the date tested next to each student's name or by placing a check mark under the appropriate date and subtest column on the student roster. The school assessment coordinator at your school will have instructed you on the use of the roster at your training session.
12. For paper-based testing, the test administrator will ensure that students read and sign the Testing Rule Acknowledgment prior to testing. Students taking a computer-based test must read and click a checkbox (TestNav) or circle (TestHear) beside the Testing Rules Acknowledgement before testing begins.
13. For paper-based testing, the test administrator and/or proctor **will** assign a test booklet and/or test and answer booklet number to each student and check off each student's name on the roster as he/she is given a test booklet, and will record the assigned booklet number for documents with security numbers.
14. Students are to be allowed access to test booklets (test questions) **only** during the actual administration of the test. Please be reminded that under no

circumstances are students to be permitted to handle any test materials before or after the test administration. Students are not permitted to assist in carrying or distributing any test materials.

15. All testing materials including paper test booklets, CBT Work Folders, Reference Sheets, Periodic Table of Elements, CBT Worksheets (optional), Student Authorization Tickets, and approved four-function and scientific calculators, must be handed to and collected from each student individually. **No test materials may be handed out in groups or passed along from student to student.**
16. All testing materials, including approved four-function and scientific calculators, should be secured immediately, out of reach of students. **Do not leave test booklets, Student Authorization Tickets, and Session Rosters, on top of a desk or table or anywhere that is accessible to students (even if test administrators and/or proctors are in the room).**
17. Test administrators **must** read the appropriate script for administering the NGSSS EOC as it is presented in the test administration manual. One manual (2013-14 EOC Manual) is provided for the Winter 2013, Spring 2014, Summer 2014, and Fall 2014 NGSSS EOC administrations. It should be noted that the EOC manual no longer includes scripts and instructions for paper-based accommodations (regular print, large print, and Braille) or TestHear accommodated computer-based test forms.
 - Fall 2014 NGSSS EOC CBT scripts are presented in the *2013-2014 End-of-Course Assessments Test Administration Manual*, pages 39-91.
 - Paper-based accommodations (regular print, large print, and Braille) and TestHear accommodated CBT forms scripts are posted at www.FLAssessments.com/EOC.
 - NGSSS EOC ePAT scripts are posted at www.FLAssessments.com/ePAT under the Resources tab.
18. For all subjects, the FLDOE requires a test group code. The school assessment coordinators must create and assign test group codes. Test administrators must ensure that students mark the appropriate class test group code on the test document (paper-based) or enter the test group code after the “Welcome” screen (CBT), as directed.

Security measures implemented for Computer-Based Testing parallel those for paper-based administration. Test Administrators and/or proctors must actively monitor the testing session.

19. Computer labs must be set up to ensure that students cannot view the monitors of other students’ workstations. Visual barriers may be used to prevent incidental viewing.

20. The test administrator and/or proctor must verify the identification of unfamiliar students when distributing Student Authorization Tickets.
21. Student Authorization Tickets and Session Rosters are secure test documents, and must be kept in locked, limited access location.
22. During test sessions, unused tickets must be secured (i.e., not left on a desk, podium within reach of students).
23. Procedures must be implemented to contact the school assessment coordinator during a session in case a student is disconnected from the session and must be resumed.
24. If test administrators are given access to PearsonAccess to resume test sessions, an additional proctor should be assigned to the testing room.
25. If a student must be excused for a short break, **it is permissible to turn off the monitor** so that the screen cannot be viewed, rather than exiting the test session.
26. Remember, the NGSSS EOC is a secure test. Neither test administrators nor proctors may read the items in the test booklets before, during, or after the test administrations. The content of the test is not to be reviewed or discussed with students, staff, parents, or community members at any time before, during, or after the test.
27. The test items may not be copied or retained in any way for future use. Students are not to be questioned or “debriefed” on test content or test items at any time, nor may any test items or test content be reviewed with students after the test.
28. Students are encouraged to review items within the current NGSSS EOC session until they “submit” their responses, when finished, or at the end of the time allotted.
29. Students must not be assisted in using the PearsonAccess tools or answering test questions by anyone, including persons administering or proctoring the test.
30. Students are **NOT** permitted to use notes, electronic devices, or any other materials during the assessment. However, ELL students **should** have access to a heritage-language-to-English dictionary (no definitions); according to the guidelines set forth in Appendix A of the Test Administration Manual. Proctors should check these books to ensure that there are no notes or other materials inside them.

31. Each ESE student **must** be provided with the appropriate and allowable accommodations delineated in his/her IEP. Only those accommodations delineated for each student may be provided for that student.
32. The test administrators and/or proctors are **required** to walk around the room and maintain their attention on the students to prevent cheating and to ensure that students are working in the correct section.

In the event of a cheating invalidation, the test administrator and/or proctor is required to report the incident immediately to the school assessment coordinator and the school administration and to document the incident thoroughly.

33. If a student needs to leave the room during a paper-based test session, all testing materials including approved four-function and scientific calculators must be collected by the test administrator and/or proctor and held until the student returns.
34. At no time should the students in the testing room be left unsupervised during the assessment (i.e., while students have test booklets in their possession).
35. If there is an extended break during a paper-based test session (such as a lunch break), collect all test materials individually from each student. All test booklets (used and unused) must be accounted for and, if the test administrator and/or proctor is unable to remain in the room with the materials, returned to locked storage until testing resumes.
36. If there is an extended break during a CBT test session (such as a lunch break), students must exit the TestNav system by clicking the X or the red circle in the top corner of the screen and clicking Yes, exit the test, then clicking Yes once more. If the student exits the system, he or she must be authorized to resume testing. Students **MUST NOT** submit their responses for a break, or the test session cannot be resumed.
37. If an extended break, such as lunch, occurs for either paper-based or computer-based testing sessions, students **must** be closely monitored during the break to ensure that the content of the test is not discussed.
38. If students are moved to a different location during testing, a new seating chart must be created and maintained for this location with the date and time.

Concluding the Assessment

39. At the conclusion of testing, all test materials are to be collected from each student **individually**.

40. For paper-based administrations, the test administrator should make sure the student's name appears on the test-and-answer booklet/folder and that the correct booklet number has been recorded for that student. The student name must be identical to the one on his/her student ID. At this time, the test administrator **must** verify that **the student** has completed the student name, school name, district name, and test group code as specified in the test script, and that the accommodation, demographic, or "DNS" bubbles **have not** been filled out inappropriately. Any errors or discrepancies must be reported to the school assessment coordinator at the time the materials are returned after testing.
41. The test administrator should also verify that students have signed their Testing Rule Acknowledgment.
42. **Used test and answer booklets/folders collected from students must not be placed where they are accessible to the other students still remaining in the room.**
43. The test administrator should verify that students have signed their Student Authorization Tickets and individually collect any CBT Work Folders, CBT Worksheets, Student Authorization Tickets, Reference Sheets, Periodic Tables of Elements, and approved four-function or scientific calculators.
44. Make sure that each computer displays the desktop. Assist any students who needs help submitting the test.
45. At the conclusion of a CBT test session, verify that each student has properly completed the test by checking his or her computer screen before the student leaves the room.
46. As soon as the last student has completed the assessment or when time is up, the test administrator should account for all the testing materials including the NGSSS EOC test booklets, CBT Work Folders, CBT Worksheets, Student Authorization Tickets, Reference Sheets, Periodic Table of Elements, approved four-function and/or scientific calculators that were assigned to him/her for that test session. Any discrepancies must be reported to the school assessment coordinator **immediately**.
47. No student should be permitted to leave the testing room until it has been verified and documented that all his/her testing materials have been returned to the test administrator. Test administrators must verify that each student returned each type of secure testing document on the Administration Record/Security Checklist and/or Session Roster by checking the appropriate fields. This may be done by crossing or checking off each student's name from a student list or roster as the test materials are collected.

48. Ensure that all accommodations **actually used** by each student are included in your required administration information. These accommodations will be added to the student profiles in the computer or recorded on the student grid sheet.
49. Test administrators must record any absences or test invalidations and report them to the school assessment coordinator at the time the materials are returned. In the case of test invalidations, the test administrator must verify that the “DNS” bubble for that test session is completed appropriately.
50. All test materials must be returned to secure storage immediately after the conclusion of testing. Students **must not** assist school staff in carrying or transporting testing materials to and from the test room.

Please be reminded that, even after the conclusion of the assessment, the security of the test items and content must be maintained. Any review of test questions, test content, or test answers, whether after the test day or after the end of the testing window, is prohibited. Such actions compromise the security of the test content and are considered to be a violation of testing standards.

2014-15 Non-Certified School Personnel
District-Level Certification Form

The Florida Department of Education (FDOE) requires that secure statewide assessment (FCAT 2.0 and EOC) materials be handled by, or under the direct supervision of, certified educators. This requirement applies to school-level personnel only. Certified and non-certified district-level staff are authorized to handle secure materials, as appropriate.

If you have identified sites or circumstances in which it would be appropriate for non-certified school personnel to handle secure materials without the direct supervision of a certified educator, complete this form, ensure it is signed by the district assessment coordinator and the school district superintendent, have the individuals listed read and sign the appropriate test administration and security agreement(s), and submit the completed form and copies of the signed agreements to the Bureau of K-12 Student Assessment, as indicated below, to obtain approval for these individuals to handle secure materials at the specified schools. You must submit the form and obtain approval no later than two weeks prior to the first day of the test administration for which you wish to certify these individuals to provide unsupervised assistance in handling materials. Once an individual is certified by FDOE, they are authorized to perform the listed tasks for all 2013-14 administrations.

For each individual you wish to certify, please provide the person's name, the school where he/she will serve, his/her title or occupation, and the task he/she will be performing (applying labels, etc.). You may add rows to the table as necessary.

Name	School	Title/Occupation	Task

I certify that the individuals listed above have received thorough training regarding the duties they will perform, have been provided with a test administration manual for each test administration (as appropriate), and have been informed of all test security policies and procedures.

If any individual certified through this process is involved in a situation that requires an investigation (e.g., inappropriate handling of materials, materials left unsecured or exposed, or any inappropriate action that could endanger the security of materials or the validity of student results), I affirm that our district has measures in place to take disciplinary actions, up to and including termination of employment, against the individuals listed above and that we will notify the FDOE immediately if such situations are reported.

Please modify the red fields and place the letter on school or district letterhead prior to sending. You may also use this language to post to your school or district website or distribute to parents/guardians via email.

The purpose of this letter is to inform you that your student will be taking the Next Generation Sunshine State Standards (NGSSS) [Algebra 1/Biology 1/Civics/Geometry/U.S. History] End-of-Course (EOC) Assessment(s) on [administration day(s)/date(s)]. EOC assessments are computer-based tests (CBT), and your student [will have/has had] an opportunity to participate in a practice test to become familiar with the software, item types, and online tools he or she will encounter and use during testing.

If you or your student would like to review the CBT practice test at home, you can download instructions and a practice test (called an “ePAT”) at www.FLAssessments.com/ePAT. Your student may practice as often as necessary prior to testing. You may also view Student Tutorials at www.FLAssessments.com/StudentTutorials.

Please review the following policies with your student before testing:

- **Electronic Devices**—If your student is found with ANY electronic devices, including but not limited to cell phones and smart phones, at any time during testing OR during breaks (e.g., restroom, lunch), his or her test will be invalidated, which means it will not be scored. The best practice is for students to leave devices at home or in their lockers on the day of testing.
- **Testing Rules Acknowledgment**—All EOC assessments include a Testing Rules Acknowledgment that reads, “I understand the testing rules that were just read to me. If I do not follow these rules, my test score may be invalidated.” Prior to testing, test administrators will read the rules to students, and students must acknowledge that they understand the testing rules by clicking a box or circle next to the statement.
- **Discussing Test Content after Testing**—The last portion of the testing rules read to students before they affirm the acknowledgment states, “After the test, you may not discuss the test items with anyone. This includes any type of electronic communication, such as texting, emailing, or posting to blogs or websites like Facebook or Twitter.” If students are found sharing information about test items, even without the intent to cheat, their tests will be invalidated.
- **Test Invalidations**—Students are responsible for doing their own work on the test and for protecting their answers from being seen by others. If students are caught cheating during testing, their tests will be invalidated. The FDOE employs a test security company, Caveon Test Security, to analyze student test results to detect unusually similar answer patterns. Student results within a school that are found to have extremely similar answer patterns will be invalidated.
- **Leaving Campus**—If your student leaves campus before completing the test (for lunch, an appointment, or illness, etc.), he or she WILL NOT be allowed to complete the test. If your student does not feel well on the day of testing, it may be best for him or her to wait and be tested on a make-up day. Please remember not to schedule appointments on testing days.

If you have any questions related to this test administration, you may contact [School Contact] at [Contact Info]. For more information about the statewide assessment program and assessment graduation requirements, visit the FDOE website at <http://fcat.fldoe.org/>.

Thank you for supporting your student as he or she prepares for testing.

Estimado padre de familia o tutor:

La presente tiene por objetivo notificarle que su estudiante tomará [la(s) prueba(s) de fin de curso (End-of-Course o *EOC*, por sus siglas en inglés) de la Próxima Generación de los Estándares del Estado del Sol (*Next Generation Sunshine State Standards* o *NGSSS*, por sus siglas en inglés) en [Álgebra 1/Biología 1/Cívica/Geometría e Historia de los Estados Unidos] el [administration day(s)/date(s)]. Estas pruebas se impartirán en una computadora (*computer based tests*, *CBT*, por sus siglas en inglés) y su estudiante [tendrá o ha tenido] la oportunidad de participar en una prueba de entrenamiento para familiarizarse con el programa de computadora, con los tipos de contenido y las herramientas que él o ella encontrará en línea para usar durante las pruebas.

Si usted o su estudiante desean repasar en su hogar la prueba de entrenamiento *CBT* en la computadora, puede bajar las instrucciones y una prueba de entrenamiento (llamada “*ePAT*”) que puede encontrar en www.FLAssessments.com/ePAT. Antes de las pruebas, su estudiante puede practicar tan a menudo como sea necesario. Su estudiante también puede ver Tutorías Estudiantiles (*Student Tutorials*) en www.FLAssessments.com/StudentTutorials.

Por favor, revise las siguientes directrices con su estudiante antes de que éste tome las pruebas:

■ **Dispositivos electrónicos**— Si durante las pruebas o durante los recesos (*e.g.*, ir al baño, ir al almuerzo) a su estudiante se le encuentra en posesión de CUALQUIER dispositivo electrónico, entre los que se encuentran, pero que no se limitan a teléfonos celulares y teléfonos ‘*smart*’, dicha prueba se invalidará, lo que significa que no será calificada. La mejor práctica sería, que el día de la prueba, los estudiantes dejaran los dispositivos en sus hogares o en sus vestuarios (*lockers*).

■ **Aceptación de los reglamentos de las pruebas** - Todas las pruebas de EOC incluyen una declaración donde se aceptan los reglamentos de las pruebas que dice, “Entiendo los reglamentos de las pruebas que me acaban de leer. Si no cumplo con estos reglamentos, puede que se invaliden las calificaciones de mis pruebas”. Antes de las pruebas, los encargados de administrarlas leerán los reglamentos a los estudiantes y los estudiantes deben confirmar que entienden los reglamentos de las pruebas haciendo clic en la casilla pertinente o haciendo un círculo al lado de la declaración.

■ **Divulgación del contenido de las pruebas una vez que se ha concluido con la evaluación** – En la última parte de los reglamentos de las pruebas que se leyó a los estudiantes, inmediatamente antes de que confirmen que entienden la declaración se lee lo siguiente: “Una vez que haya terminado la evaluación, no puede discutir el contenido de las pruebas con nadie. Esto incluye cualquier tipo de comunicación ya sea ésta electrónica, como por ejemplo texto o correo electrónico, o por medio de la publicación en “blogs” o en páginas sociales como “Facebook” o “Twitter”. Si se descubre que los estudiantes están compartiendo la información acerca de las preguntas de la pruebas, aun cuando no tuviesen la intención de hacer trampas, sus pruebas se invalidarán.

■ **Invalidaciones de las pruebas**—Los estudiantes son responsables de dar sus propias respuestas en las pruebas y de protegerlas para que las mismas no puedan ser vistas por otros. Si se observa a los estudiantes haciendo trampas durante las pruebas, las mismas se invalidarán. El Departamento de Educación de la Florida (*Florida Department of Education*, *FDOE*, por sus siglas en inglés) emplea a la compañía de seguridad *Caveon Test Security* para que analice los resultados de las pruebas de los estudiantes con el fin de detectar patrones inusualmente similares en las respuestas. Los resultados de las pruebas de los estudiantes se invalidarán si se encuentran en una misma escuela patrones de respuestas extremadamente similares.

■ **Si se abandona el recinto**—Si su estudiante abandona el recinto antes de terminar su prueba (para el almuerzo, por una cita o por enfermedad, etc.), NO SE LE permitirá que termine la prueba. Si su estudiante no se siente bien el día de las pruebas, será mejor para él o para ella que espere a tomar las pruebas en el día designado para retomarlas. Por favor, también tenga en cuenta de no concertar citas en los días en que se imparten las pruebas.

Si tuviese alguna pregunta relacionada con la administración de estas pruebas, se puede comunicar con [School Contact] al [Contact Info]. Para más información acerca del programa estatal de pruebas y los requisitos con respecto a las pruebas para la graduación de secundaria, visite el sitio web de *FDOE* <http://fcats.fldoe.org/>.

Gracias por apoyar a su estudiante mientras se prepara para las pruebas.

Si elèv ou a pa santi l byen nan jou egzamen an, li ka pi bon pou l tann e pran egzamen an nan yon jou ratrapaj. Silvouplè sonje pou w pa pran randevou nan jou egzamen yo.
