

You may use the template below to notify parents/guardians of their student's participation in the Winter 2017 paper-based FSA EOC assessment administration(s). Please customize this letter, as applicable, by modifying the red fields and placing the letter on school or district letterhead prior to sending. You may also use this language to post to your school or district website or distribute to parents/guardians via email.

Dear Parent/Guardian,

The purpose of this letter is to inform you that your student will take the paper-based Florida Standards Assessments (FSA) [(Algebra 1/Geometry) End-of-Course (EOC) assessment(s)], as an accommodation per his or her Individual Education Plan (IEP) or Section 504 Plan, on [administration day(s)/date(s)]. FSA EOC assessments are administered in two 90-minute sessions over two days, and students may have up to half the length of a typical school day to complete each session.

If you or your student would like to review practice materials, paper-based practice tests and answer keys are available at <http://www.FSAssessments.org/students-and-families/practice-tests/paper-based-practice-test-materials/>.

Please review the following policies with your student before testing:

- **Electronic Devices**— Students are not permitted to have any electronic devices, including, but not limited to, cell phones, smartphones, and smartwatches, at any time during testing **or** during breaks (e.g., restroom), **even if they are turned off or students do not use them**. If your student is found with an electronic device, his or her test will be invalidated.
- **Calculators**— For EOC assessments, **calculators may be used during Session 2 only**. If students have handheld calculators during Session 1, their tests will be invalidated. For more information about calculator policies, see the [FSA Calculator and Reference Sheet Policies](#) document on the FSA Portal.
- **Testing Rules Acknowledgment**— All FSA tests include a Testing Rules Acknowledgment that reads: “I understand the testing rules that were just read to me. If I do not follow these rules, my test score may be invalidated.” Prior to testing, test administrators read the rules to students, and students acknowledge that they understand the testing rules by signing below the statement in their test and answer books.
- **Discussing Test Content after Testing**— The last portion of the testing rules read to students before they sign below the Testing Rules Acknowledgment reads: “Because the content in all statewide assessments is secure, you may not discuss or reveal details about the test items or passages after the test. This includes any type of electronic communication, such as texting, emailing, or posting online, for example, on Facebook, Twitter, Snapchat, or Instagram.” Please make sure your student understands that “discussing” test content includes any kind of electronic communication, such as texting, emailing, or posting to blogs or social media websites, etc. **While students may not share information about secure test content after testing, this policy is not intended to prevent students from discussing their testing experiences with their parents/families.**
- **Working Independently**— Students are responsible for doing their own work during the test and for protecting their answers from being seen by others. If students are caught cheating during testing, their tests will be invalidated. In addition, the Florida Department of Education (FDOE) employs Caveon Test Security to analyze student test results to detect unusually similar answer patterns. Student tests within a school that are found to have extremely similar answer patterns will be invalidated.
- **Leaving Campus**— If your student leaves campus before completing a test session (for lunch, an appointment or illness, etc.), he or she **will not** be allowed to return to that test session. If your student does not feel well on the day of testing, it may be best for him or her to wait and be tested on a make-up day.
- **Testing Accommodations**— Please contact the school to discuss any other testing accommodations that will be provided for your student.

If you have any questions related to this test administration, you may contact [**School Contact**] at [**Contact Information**]. For more information about the FSA program, please visit the FSA Portal at www.FSAssessments.org.

Thank you for supporting your student and encouraging him or her to do his or her best during this test administration.

Sincerely,

[Principal's Name]
