

Battelle Developmental Inventory Second Edition (BDI-2)

Grade/Students

Students with disabilities entering and leaving prekindergarten special education (PK SPED)

Date

The assessment of students new to PK SPED is administered thirty days after the student enters the program. The assessment of students transitioning from PK SPED to kindergarten is administered between March 1st and March 15th.

Description

The BDI-2 is made up of five measures: Cognitive Functioning, Communications Skills, Fine and Gross Motor Skills, Self-Help Skills, and Independent Functioning through Social and Behavioral Functioning. The purpose of the BDI-2 is to provide a standardized overall developmental scale.

Results

The results of the BDI-2 are uploaded by teachers to the BDI-2 data management system and shared with the Florida Department of Education.
