

Florida Kindergarten Readiness Screener (FLKRS)(WSS)

Grade/Students

All new students in Kindergarten.

Date

This assessment is administered within the first 30 days of each school year.

Description

The Florida Kindergarten Readiness Screener (FLKRS) is a developmental screening tool based on the Work Sampling System (WSS). The Work Sampling System is a developmental authentic performance assessment designed to help teachers optimize the use of daily classroom experiences and activities. This assessment documents/evaluates children's skills, knowledge, and behavior. All new kindergarten students are assessed for school readiness with this instrument.

Results

School Report of Student Results and School Summary Results are provided online by the contractor in December/January. The Voluntary Prekindergarten (VPK) Provider Readiness Rates are determined by FLKRS.

Basis of Test
