

## Florida Kindergarten Readiness Screener (FLKRS)

### **Grade/Students**

All new students in Kindergarten.

### **Date**

Administered in the first 30 days of the school year.

### **Description**

The FLKRS is made up of two separate measures: the Early Childhood Observation System (ECHOS), and the Florida Assessments for Instruction in Reading – K (FAIR-K).

The ECHOS measures benchmarks in seven domains. It provides a simple, uniform method for observing and measuring the progress of young readers. FAIR measures the growth and development of early literacy skills. All new kindergarten students are assessed for school readiness with these instruments.

### **Results**

School Report of Student Results and School Summary Results are provided online by the contractor in December/January. Teacher completed checklists and anecdotal information is immediately available.

### **Basis of Test**

State mandate.
