- In Science, all students in grades 5 and 8, and those enrolled in Biology 1 (**course codes: 2000310, 2000320, 2000322, 2000430, 2000800, 2000850, 2002440, and 2002450**)
- In Civics, all students enrolled in course codes: (**2106010, 2106015, 2106016, 2106020, 2106025, 2106026, 2106027, 2106028, 2106029, and 2100045**)
- In United States History, all students enrolled in course codes: (**2100310, 2100320, 2100390, and 2100480**)

Date

Administered in the winter (second semester) of each school year.

Description

The Mid-Year tests are low stakes assessments that are administered for the purpose of targeting instruction on Florida Standards and the Next Generation Sunshine State Standards. The tests are administered in English Language Arts, Mathematics, Science, Civics, and United States History and are used to monitor ongoing progress of students.

Results

Tests in English Language Arts, mathematics, science, and social studies are scored at each school-site using the District's computerized management system. Score reports may be generated at the student, classroom, school, and district level.

Basis of Test

District tests to be administered in all schools for instructional purposes, progress reporting, or as a measure for the School Improvement Plans.
